The Mark Of Excellence

## MARUTI GROUP

UNITED ARAB EMIRATES | QATAR | SAUDI ARABIA | INDIA

# MEMC-1

THE MEMC — 1 is combination of Stainless steel etching & Back painting glass

## Highlights:

### LH wall & RH wall:

Using Stainless steel etching pattern.

### Rear wall:

Using Back painting tempered glass.

### FRP & Lintel:

Side post & Lintel:

Using Stainless steel etching pattern.

**Car Door:** Stainless steel etching pattern.

### Handrails:

Ø38mm Stainless steel brush finish on LH wall & RH wall

### Ceiling:

Using Stainless Steel ceiling with 02 no's LED diffuser & fixing brackets.

# MEMC-2

THE MEMC — 2 is combination of Stainless steel etching & Back painting glass

## Highlights:

### LH wall & RH wall:

Using Stainless steel etching pattern.

### Rear wall:

Using Back painting tempered glass.

### FRP & Lintel:

Side post & Lintel:

Using Stainless steel etching pattern.

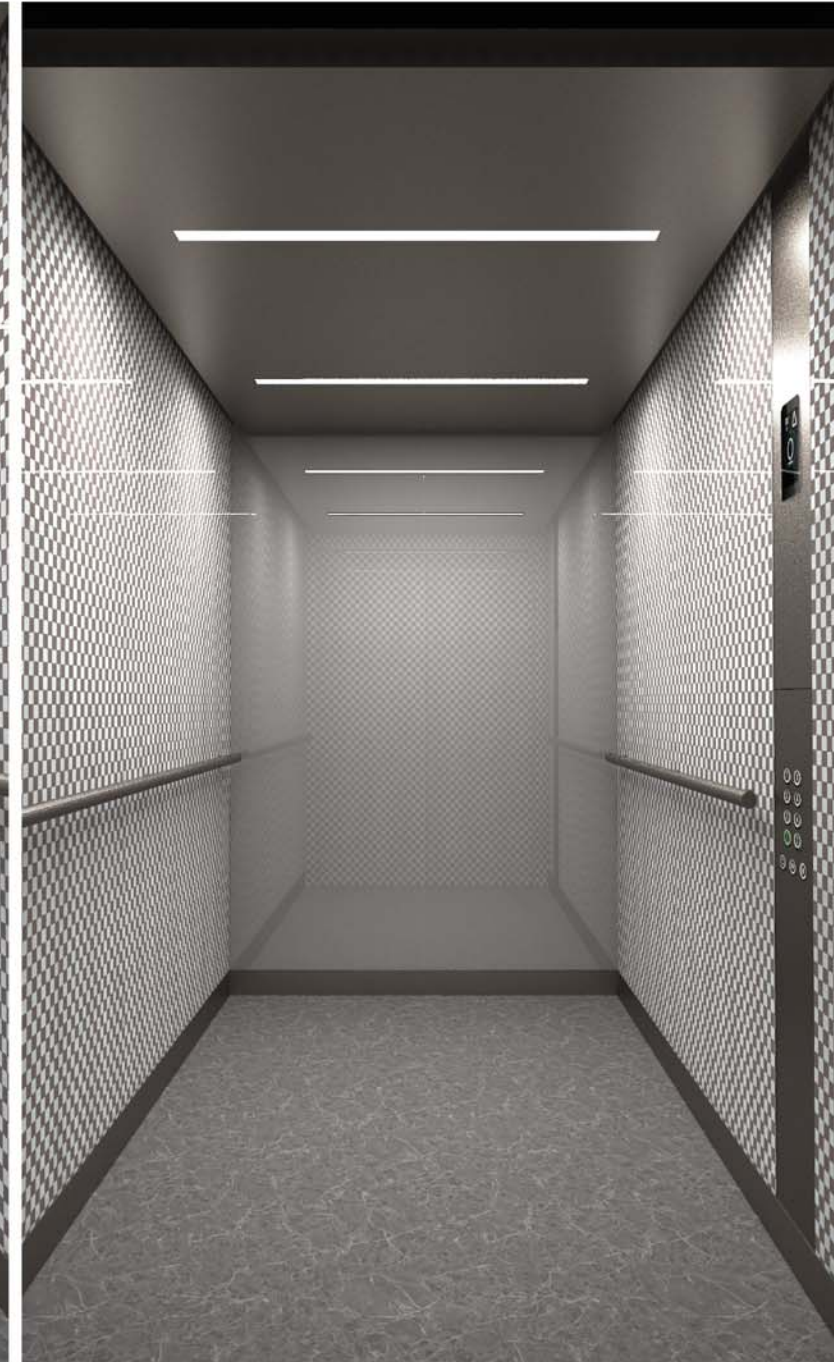

**Car Door:** Stainless steel etching pattern.

### Handrails:

Ø38mm Stainless steel brush finish on LH wall & RH wall

### Ceiling:

Using Stainless Steel ceiling with 02 no's LED diffuser & fixing brackets.

# MEMC-3

THE MEMC — 3 is combination of Stainless steel etching.

## Highlights:

### LH wall & RH wall:

Using Stainless steel etching pattern.

### Rear wall:

Using Stainless steel etching pattern.

### FRP & Lintel:

Side post & Lintel:

Using Stainless steel hairline finish.

**Car Door:** Stainless steel etching pattern.

### Handrails:

Ø38mm Stainless steel brush finish on LH wall & RH wall

### Ceiling:

Using Stainless Steel ceiling with 02 no's LED acrylic diffuser & fixing brackets.

# MEMC-4

THE MEMC — 4 is combination of Stainless steel rose gold & etching pattern

## Highlights:

### LH wall & RH wall:

Using partial Stainless Steel rose gold & SS rose gold etching pattern.

### Rear wall:

Using partial Stainless Steel rose gold & Stainless Steel rose gold etching pattern.

### FRP & Lintel:

Side post & Lintel:  
Using Stainless Steel rose gold.

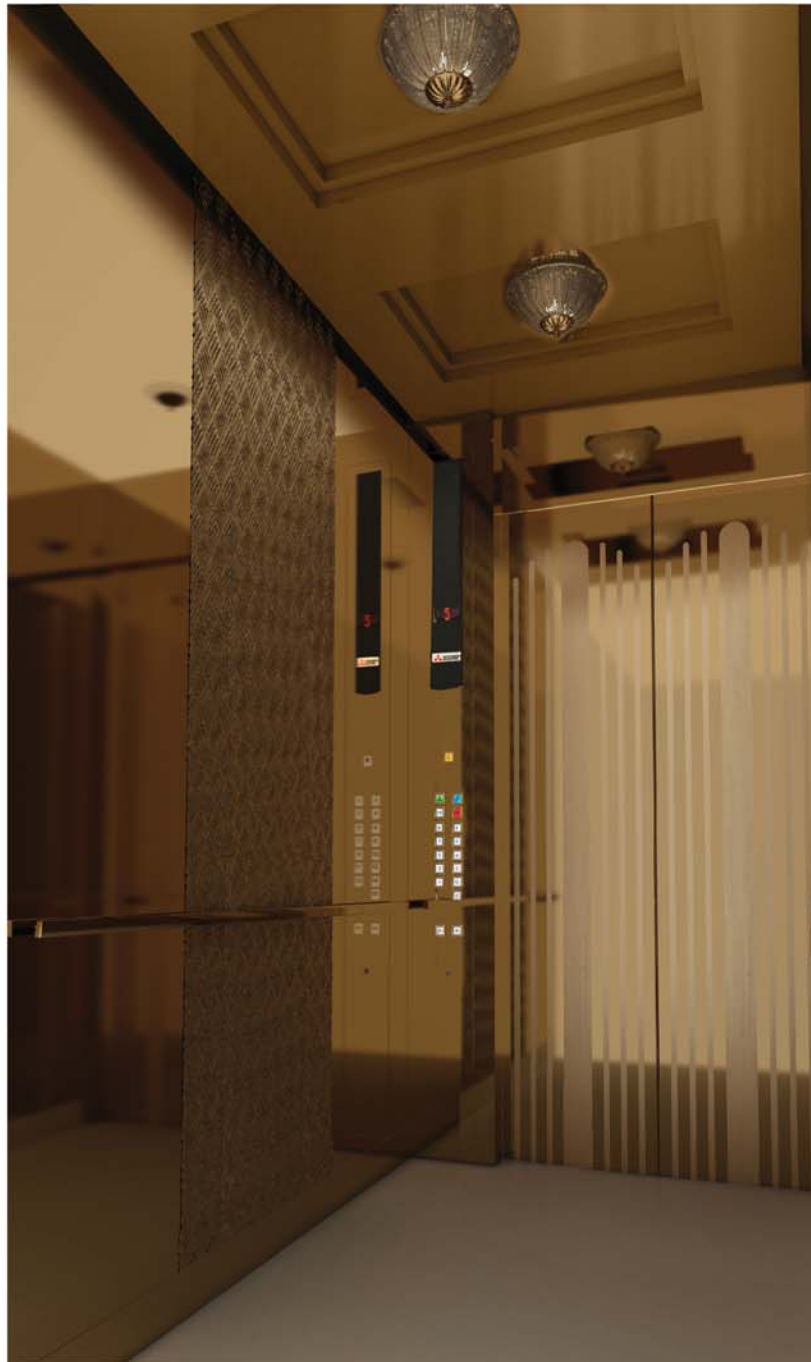

**Car Door:** Stainless Steel rose gold etching pattern.

### Handrails:

Flat type SS rose gold brush finish on LH, RH & Rear wall.

### Ceiling:

Using SS rose gold with grooves & 02 no's LED down light & fixing brackets.

# MEMC-5

THE MEMC — 5 is combination of Stainless steel bronze etching & Clear glass

## Highlights:

### LH wall & RH wall:

Using Stainless steel bronze mirror Islamic etching pattern.

### Rear wall:

Using clear glass with SS bronze frame.

### FRP & Lintel:

Side post & Lintel:  
Using SS plain bronze mirror finish.

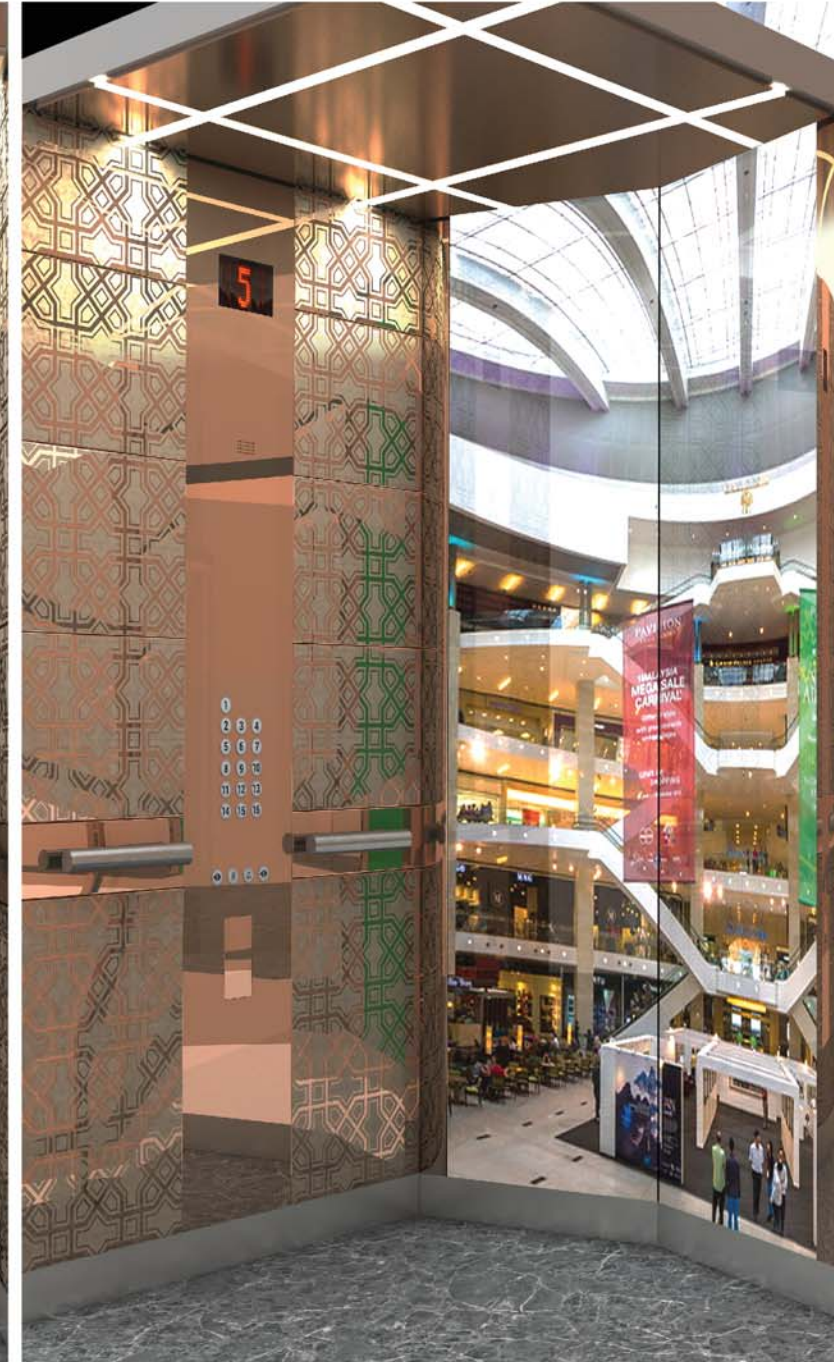

**Car Door:** SS Bronze Islamic etching.

### Handrails:

Ø38mm Stainless steel brush finish on LH wall & RH wall

### Ceiling:

Using SS Bronze mirror ceiling with LED diffuser & fixing brackets.

# MEMC-6

THE MEMC — 6 is combination of Stainless-steel Mirror finish 304 Grade.

## Highlights:

### LH wall & RH wall & Rear wall:

Using stainless steel mirror finish 304 Grade with MDF backing

### FRP & Lintel:

Side post & Lintel:

Using stainless steel hairline finish 304 Grade.

### Car Door:

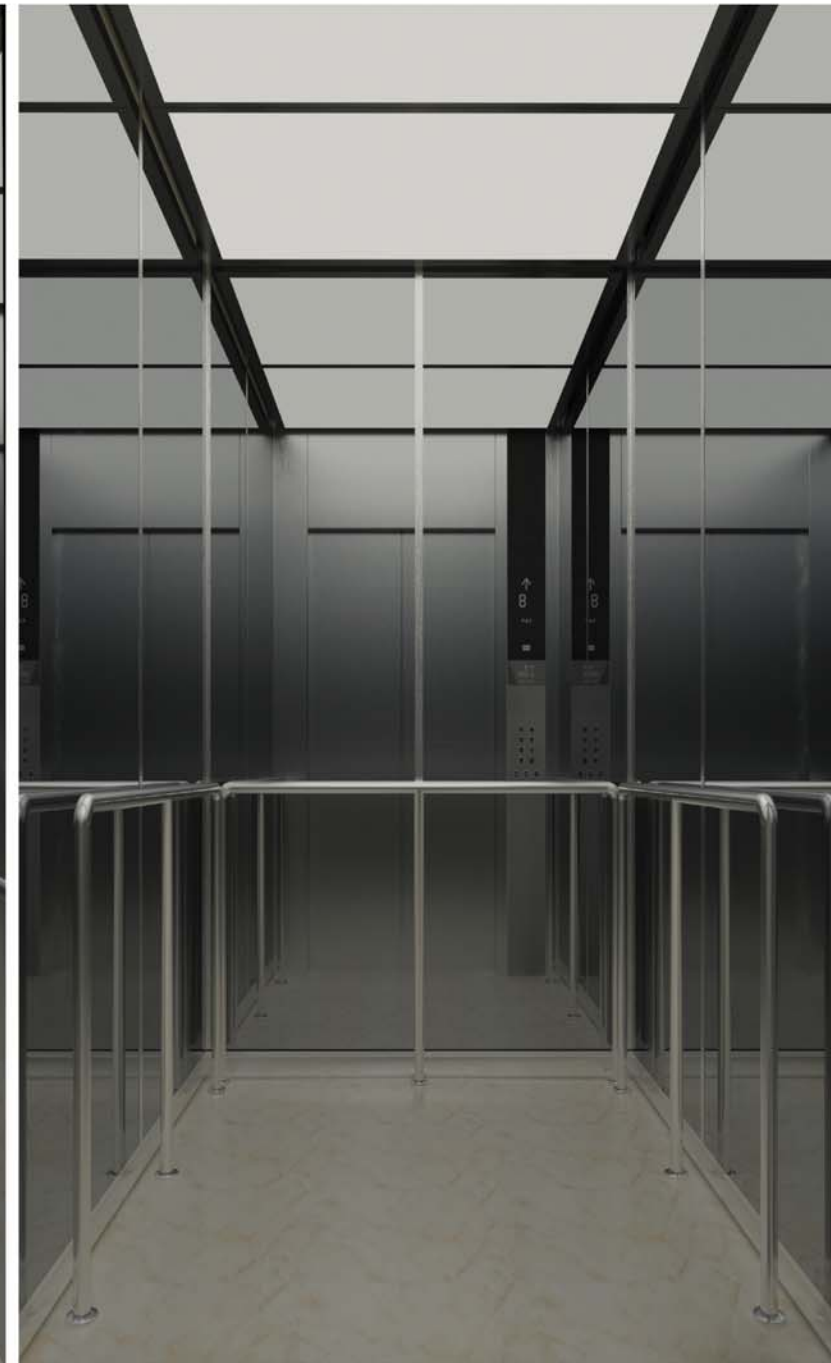

Using stainless steel hairline finish.

### Handrails:

Ø38mm Stainless steel brush finish floor Mounting type handrail on LH wall, RH wall & Rear wall.

### Ceiling:

Using Stainless steel mirror finish 304 grade ceiling with LED cove lights & Fixing brackets as per the requirements.

# MEMC-7

THE MEMC — 7 is combination of stainless-steel finish & marble.

## Highlights:

### LH wall & RH wall:

1st & panel using stainless steel Champagne hairline finish 304 grade.  
2nd panel using 04 no's marble panels with stainless steel champagne brush Finish trims between the leather panels.

### Rear wall:

Using stainless steel champagne hairline Finish with the custom etching pattern 304 grade with the MDF backing.

### FRP & Lintel:

Side post & Lintel: Using stainless steel Champagne hairline finish 304 grade

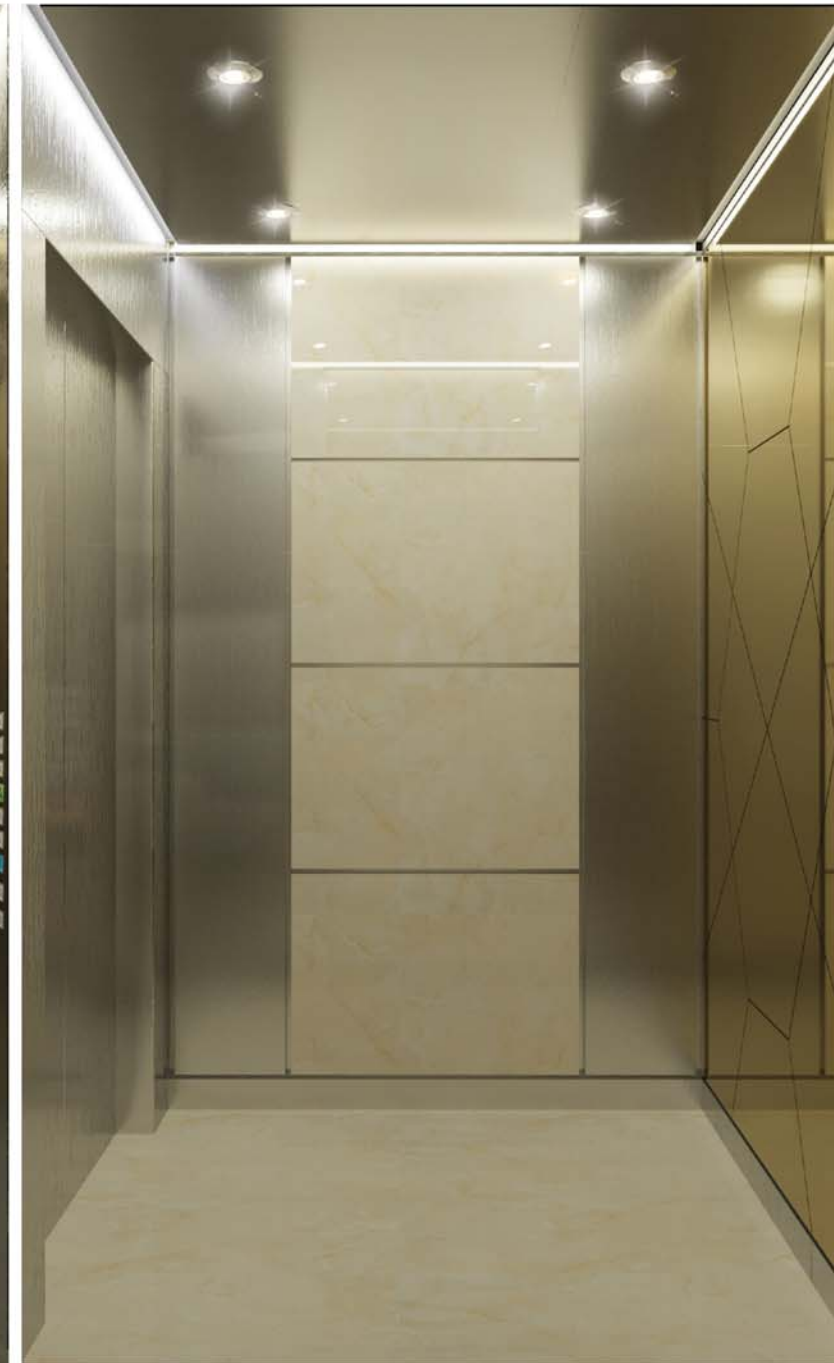

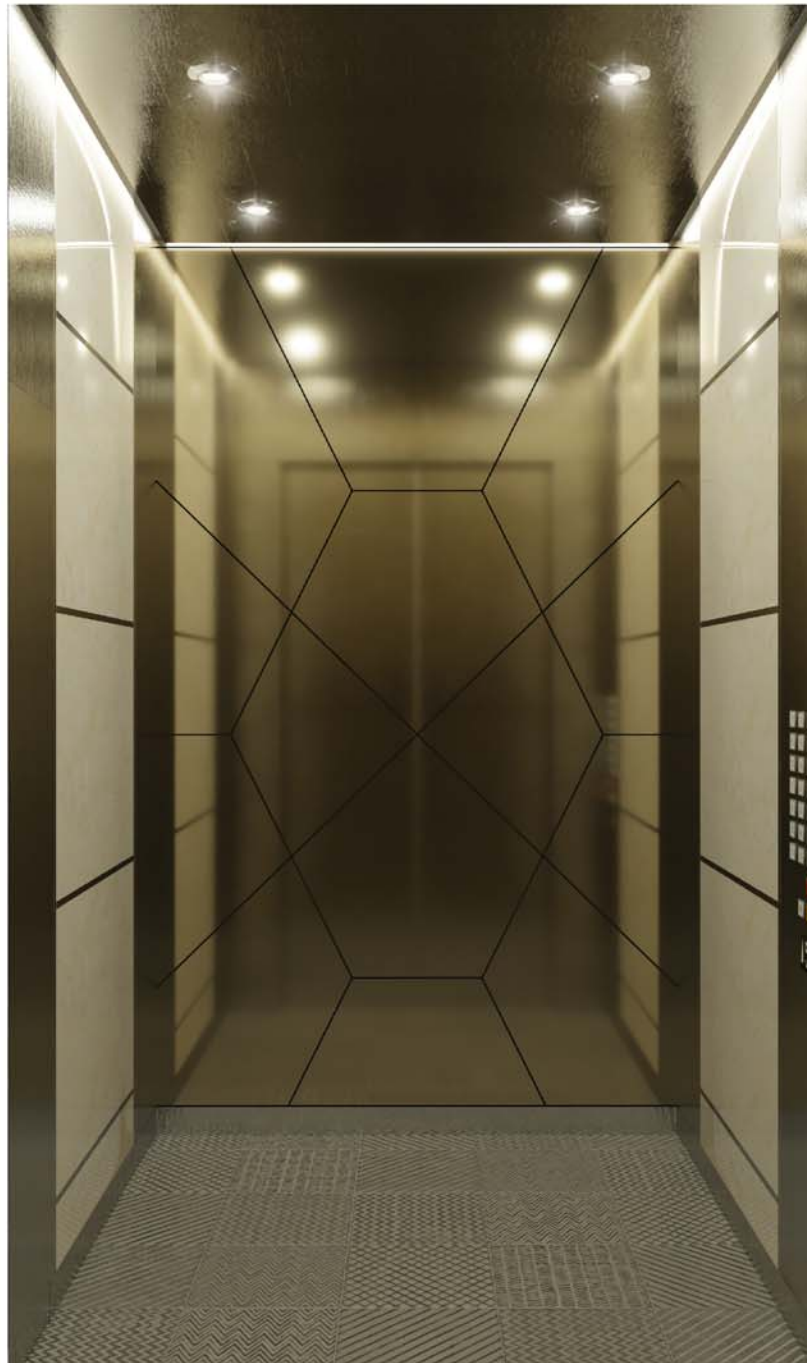

**Car Door:** Using Champagne hairline finish.

### Handrails:

Not applicable.

### Ceiling:

Using SS champagne hairline finish with 04 No's LED spotlights & fixing brackets.

# MEMC-8

THE MEMC — 8 is combination of stainless-steel finish.

**Highlights:**

**LH wall, RH wall & Rear wall:**

1st & panel using stainless steel Plain bronze rose gold mirror finish 304 grade. 2nd panel using stainless steel etched Pattern bronze rose gold mirror finish 304 grade with MDF backing.

**FRP & Lintel:**

Side post & Lintel:  
Using stainless steel Plain bronze rose Gold mirror finish 304 grade.

**Car Door:**

Using stainless steel etched Pattern bronze rose gold mirror finish 304 grade.

**Handrails:**

Ø38mm Stainless steel bronze brush finish floor handrail on Rear wall only.

**Ceiling:**

Using SS bronze mirror finish 304 grade with The laser cutting pattern & LED acrylic diffuser& fixing brackets as per the requirement.

# MEMC-9

THE MEMC — 9 is combination of stainless steel Champagne gold hairline finish 304 grade & Clear cabin mirror.

## Highlights:

### LH wall, RH wall & Rear Wall:

Half height using stainless steel champagne gold hairline finish & upper half height using Clear polish Edges mirror with MDF backing.

### FRP & Lintel:

Using stainless steel champagne gold hairline finish.

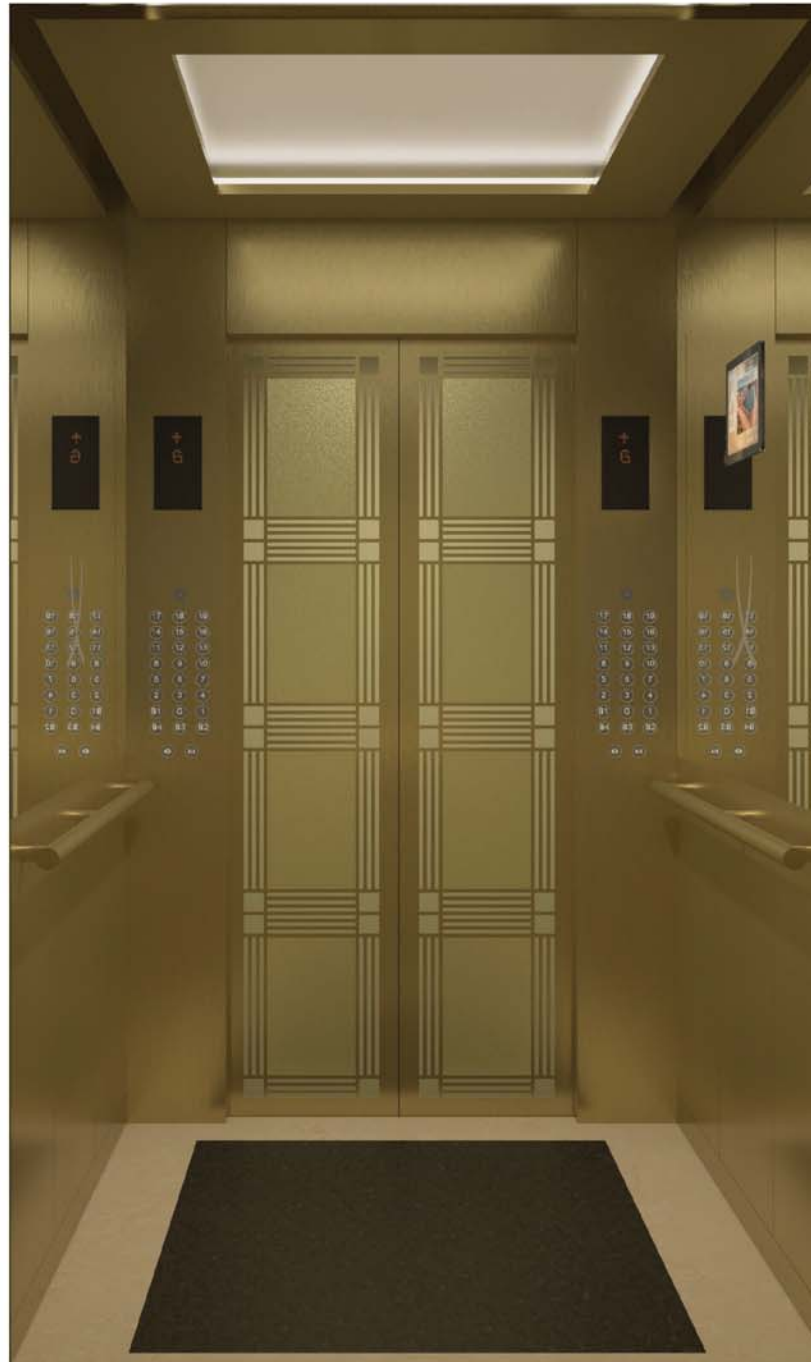

Car Door: Using stainless steel champagne gold hairline finish.

### Handrails:

Ø38mm Stainless steel champagne gold brush finish handrail on LH wall & RH wall only.

### Ceiling:

Using Stainless steel champagne gold hairline finish with the LED acrylic diffuse & the fixing brackets as per the requirements.

# MEMC-10

THE MEMC — 10 is combination of Stainless steel gold panels

## Highlights:

LH wall & RH wall:

1st & 3rd panel using Stainless steel titanium gold hairline finish;  
2nd panel using Stainless steel titanium gold Mirror finish with LED  
Cove lights on either side of panels;

## Rear wall:

1st & 3rd panel using Stainless steel titanium gold hairline finish;  
2nd panel using Stainless steel titanium gold Mirror finish with LED  
cove lights on either side of panels;

## FRP & Lintel:

Side post: using Stainless steel titanium gold hairline finish;  
Lintel: using Stainless steel titanium gold hairline finish;

**Car Door:** Cladding using Stainless steel titanium gold hairline finish;

## Handrails:

N/A

## Ceiling:

Using Stainless steel titanium gold hairline finish with LED Cove lights.

# MEMC-11

THE MEMC-11 is combination of Stainless steel gold finish, glass Mirror, LED lights & Steel.

## **Highlights:**

### **LH wall & RH wall:**

Using Stainless steel titanium gold hairline finish with the metal trims between the panels.

### **Rear wall:**

Using Clear Mirror, Stainless steel titanium gold hairline finish & LED acrylic diffuser Lights.

### **FRP & Lintel:**

Side post: using Stainless steel titanium gold hairline finish.

Lintel: using Stainless steel titanium gold hairline finish.

**Car Door:** Cladding using Stainless steel titanium gold hairline finish.

### **Handrails:**

Ø38mm Stainless steel gold brush finish on Rear wall.

### **Ceiling:**

Using Stainless steel gold hairline finish ceiling with LED acrylic diffuser lights & fixing brackets as per the requirement.

# MEMC-12

THE MEMC — 12 is combination of Stainless Steel rose gold mirror & Standard Wood veneer

## Highlights:

### LH wall & RH wall:

Using Standard wood veneer with Stainless Steel rose gold mirror between the wood panels.

### Rear wall:

Using partial height Stainless Steel rose gold mirror & partial height Glass mirror

### FRP & Lintel:

Side post & Lintel:  
Using Stainless Steel rose gold mirror.

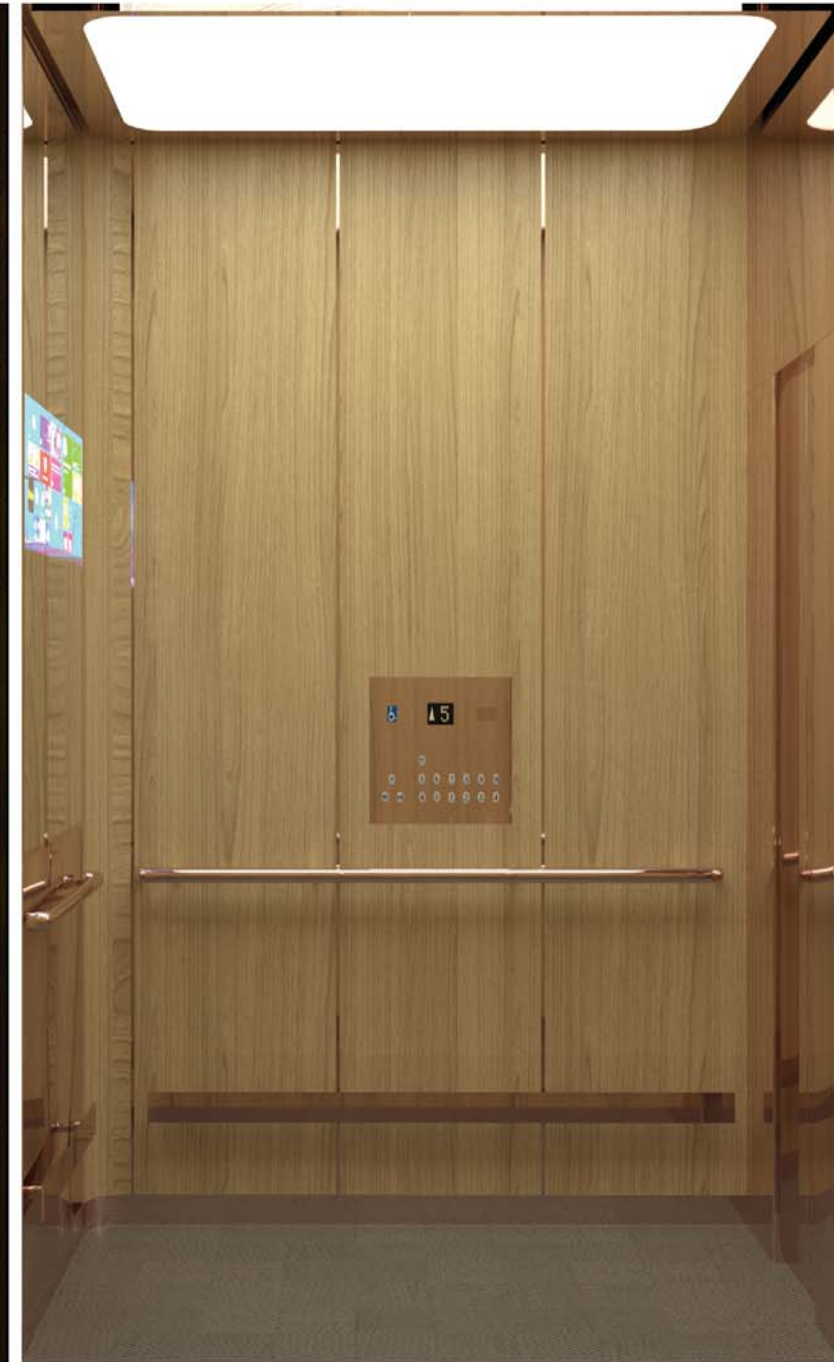

**Car Door:** Stainless Steel rose gold mirror finish.

### Handrails:

Ø38mm Stainless steel rose gold mirror finish On LH wall, RH wall & Rear wall.

### Ceiling:

Using Stainless Steel rose gold mirror with LED Acrylic diffuser & fixing brackets.

# MEMC-13

THE MEMC — 13 is combination of Wood veneer & stainless-steel finish.

**Highlights:**

**LH wall & RH wall:**

Using wood veneer with MDF backing.

**Rear wall:**

Using stainless steel gold mirror finish 304 Grade with MDF backing

**FRP & Lintel:**

Side post & Lintel:  
Using SS bronze hairline finish.

**Car Door:** Using Stainless Steel bronze hairline finish.

**Handrails:**

Flat type SS bronze hairline finish  
curved Ends handrail on LH wall & RH wall.

**Ceiling:**

Using SS bronze hairline finish with 04 No's LED spotlights & fixing brackets.

# MEMC-14

THE MEMC — 14 is combination of stainless steel etching hairline finish 304 grade, wood veneer & Clear mirror.

## Highlights:

### LH wall, RH wall & Rear Wall:

1st & 3rd panel using American walnut wood Veneer with MDF backing; 2nd panel using stainless steel etching hairline finish 304 grade

### FRP & Lintel:

Using American walnut wood Veneer with MDF backing.

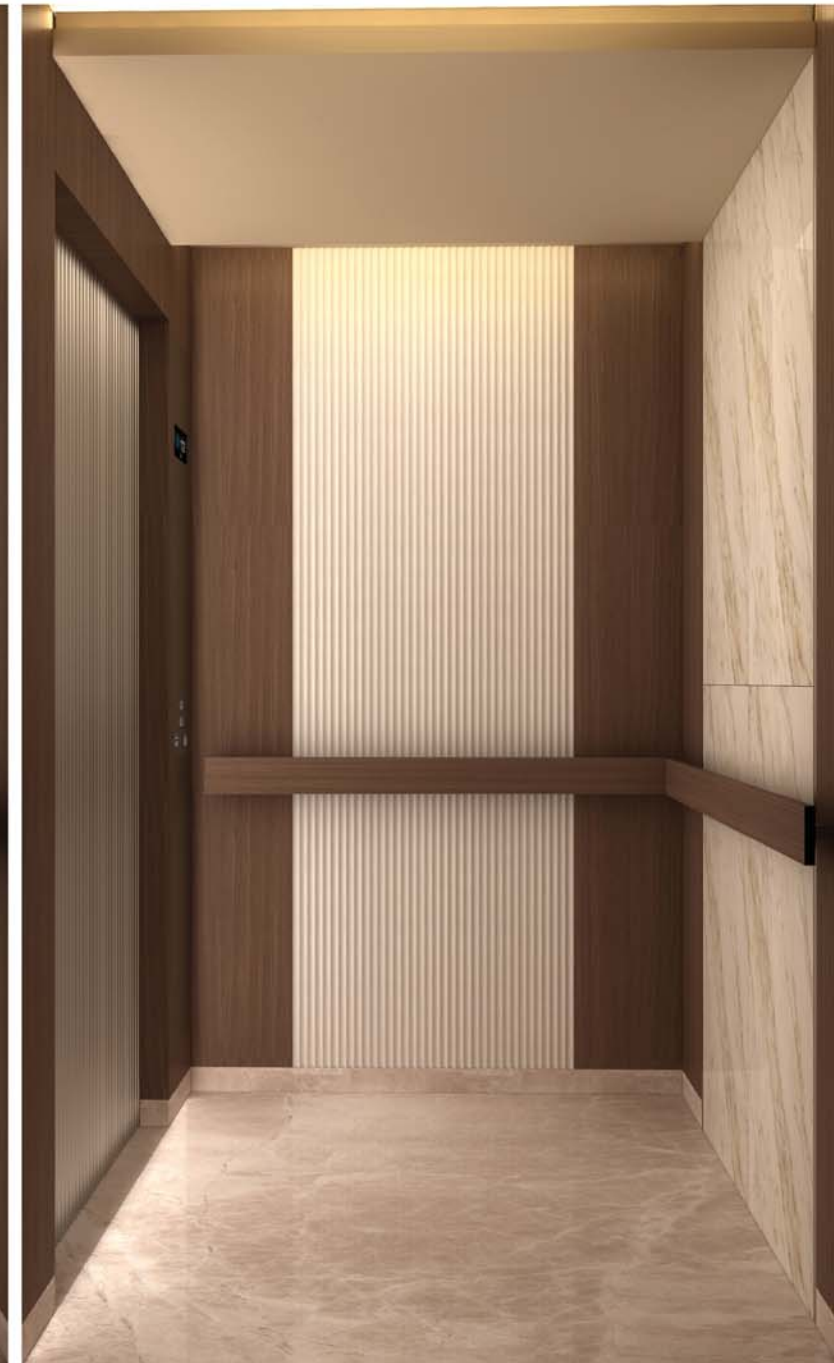

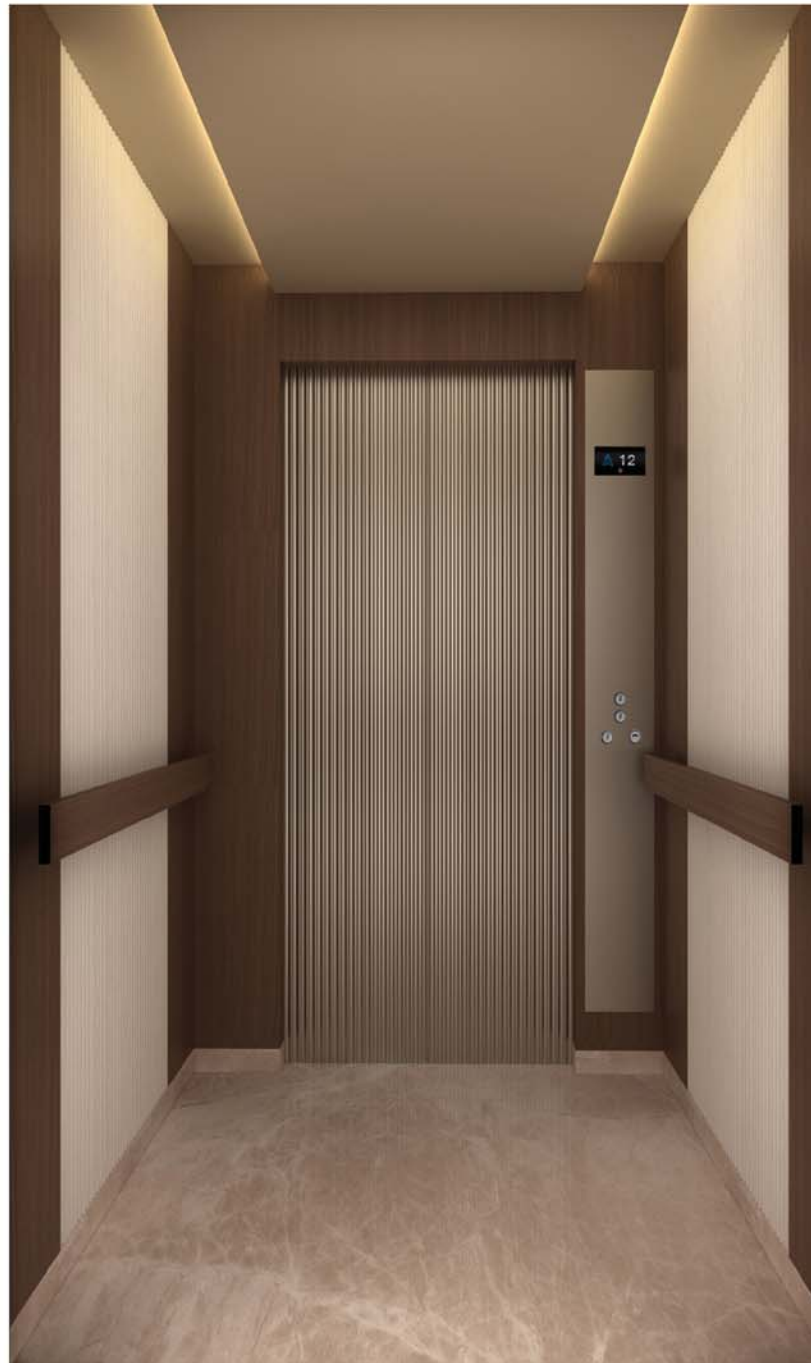

**Car Door:** Using stainless steel etching hairline finish 304 grade.

### Handrails:

Flat Stainless steel bronze brush finish handrail on LH wall, RH wall & Rear wall.

### Ceiling:

Using Stainless steel white color ceiling With the LED cove lighting & the fixing brackets as per the requirements.

# MEMC-15

THE MEMC — 15 is combination of Wood veneer & stainless-steel finish.

**Highlights:**

**LH wall & RH wall:**

Using wood veneer with MDF backing.

**Rear wall:**

1st & 3rd panel Using 6mmthk with MDF Backing; 2nd panel using clear polish Edges mirror with MDF backing.

**FRP & Lintel:**

Side post & Lintel:

Using wood veneer with MDF backing.

**Car Door:** Using SS bronze hairline finish.

**Handrails:**

Ø38mm Stainless steel SS bronze hairline finish on LH wall. RH wall & Rear wall.

**Ceiling:**

Using SS bronze hairline finish with 04 No's LED spotlights & fixing brackets.

# MEMC-16

THE MEMC — 16 is combination of Stainless Steel Copper hairline finish & Wood Laminate

## Highlights:

### LH wall & RH wall:

Using partial bronze tinted glass and Premium Wood Laminate.

### Rear wall:

Using partial bronze tinted glass and Premium Wood Laminate.

### FRP & Lintel:

Side post & Lintel:

Using Stainless Steel Copper hairline finish.

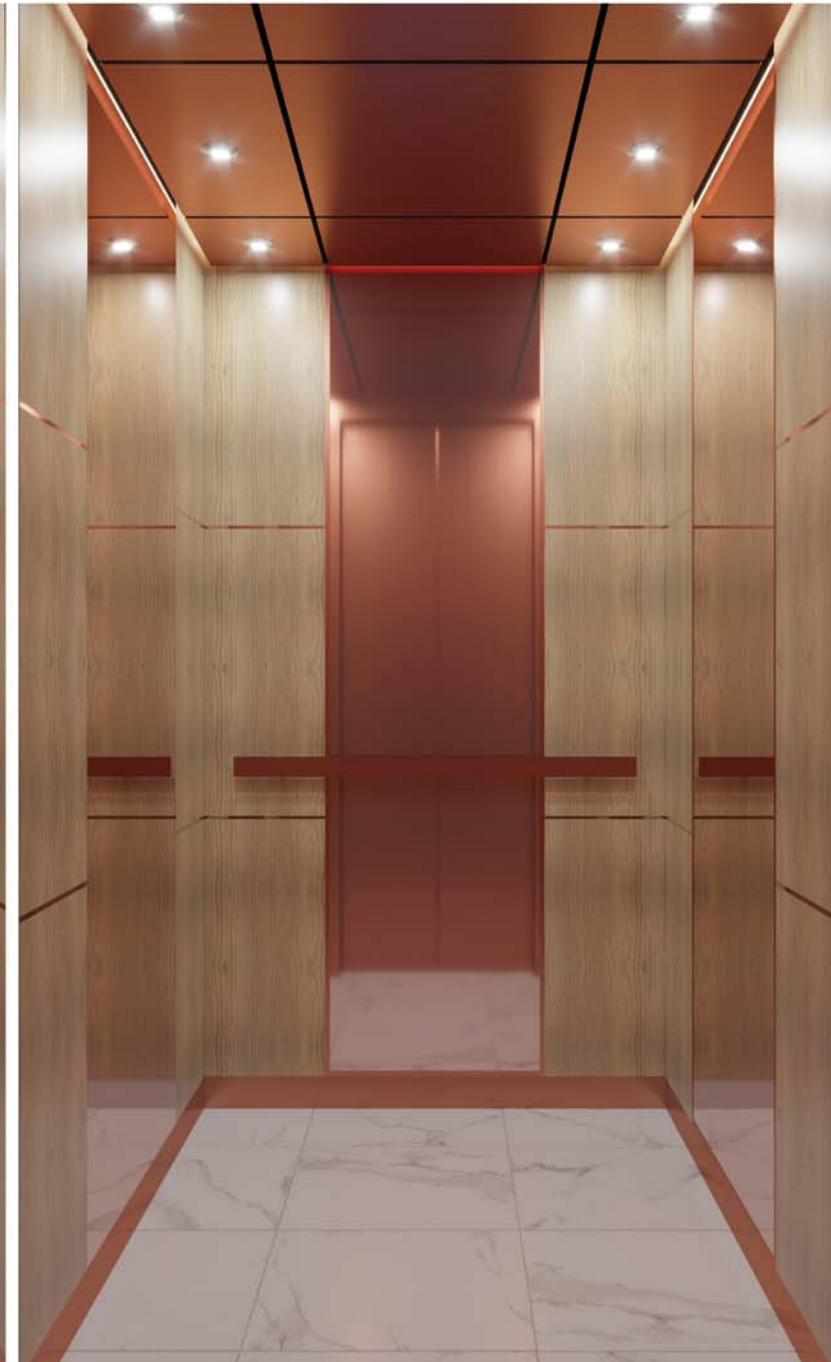

**Car Door:** Stainless Steel Copper hairline finish.

### Handrails:

Flat type Stainless Steel Copper brush finish On rear wall only.

### Ceiling.

Using Stainless Steel Copper hairline finish with grooves & 06 no's LED spot light & fixing brackets.

# MEMC-17

THE MEMC — 17 is combination of Stainless steel bronze & Wood Laminate

**Highlights:**

**LH wall & RH wall:**

Using Premium Wood Laminate.

**Rear wall:**

Using partial bronze tinted glass and Using Premium Wood Laminate.

**FRP & Lintel:**

Side post & Lintel:

Using SS plain bronze brush finish.

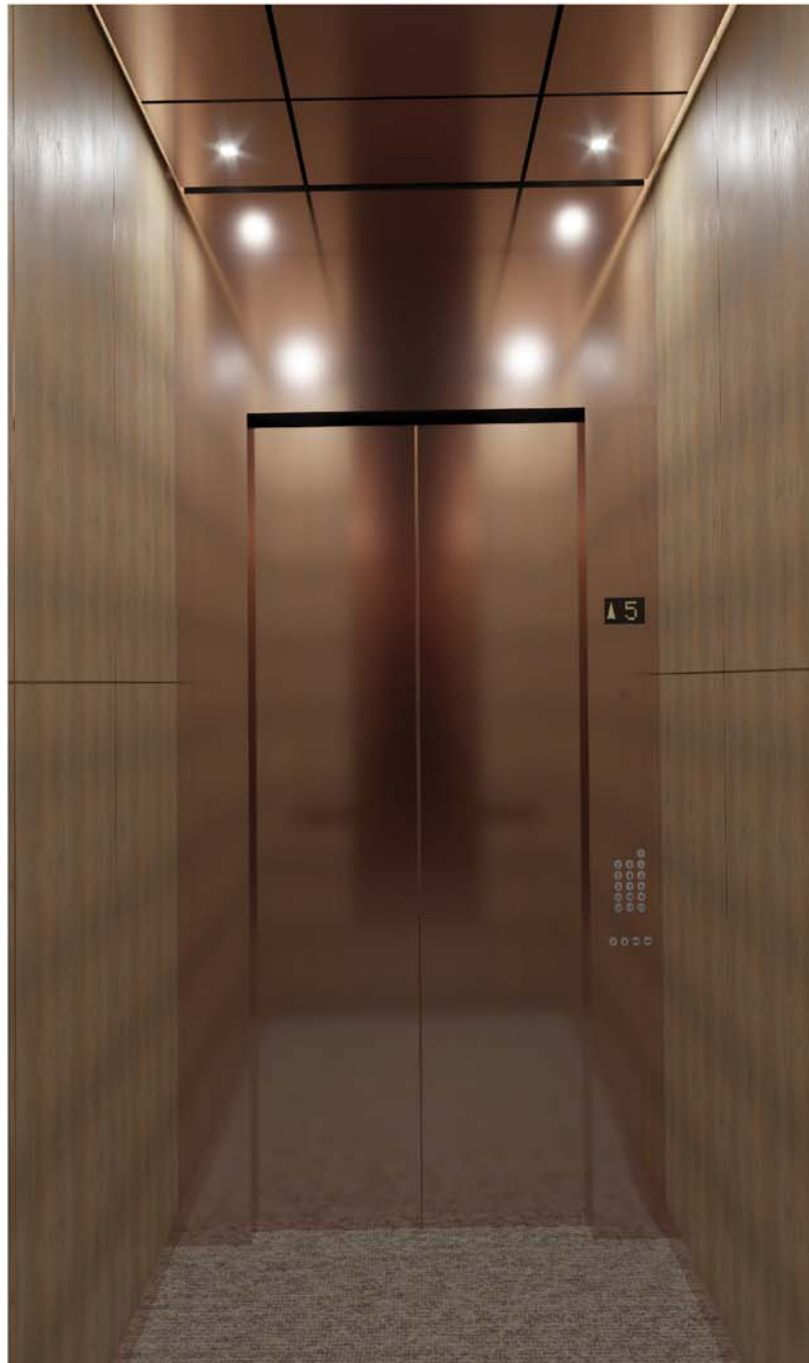

**Car Door:** SS Bronze brush finish.

**Handrails:**

Flat type SS Bronze brush finish on rear wall only.

**Ceiling:**

Using SS Bronze brush with grooves & 04 no's LED spot light & fixing brackets.

# MEMC-18

THE MEMC — 18 is combination of Wood veneer & Special bamboo acrylic panel

## Highlights:

### LH wall & RH wall:

Using Standard wood veneer with special Real small bamboo inserted acrylic panel.

### Rear wall:

Using Standard wood veneer with special Real small bamboo inserted acrylic panel.

### FRP & Lintel:

Side post & Lintel:  
Using SS Bronze bead blast finish.

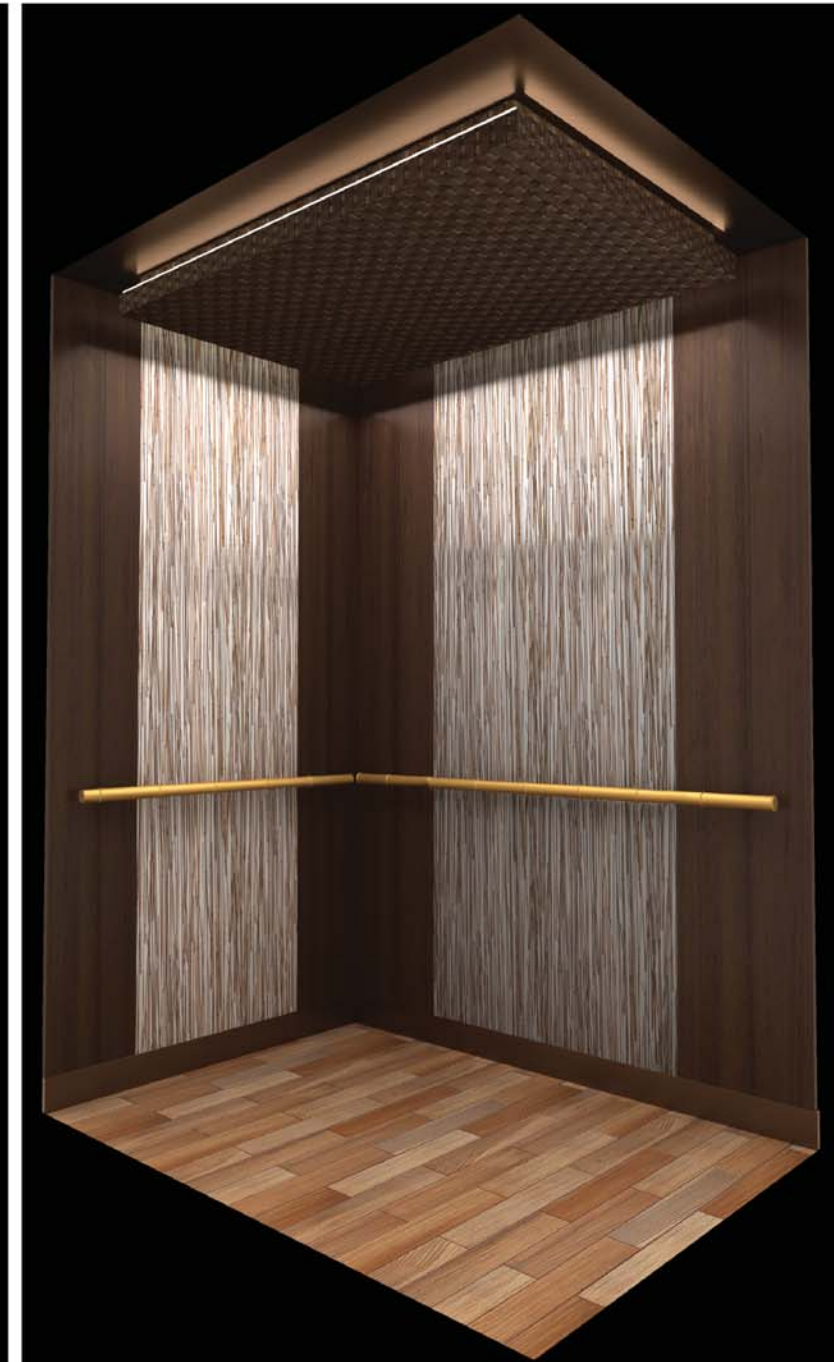

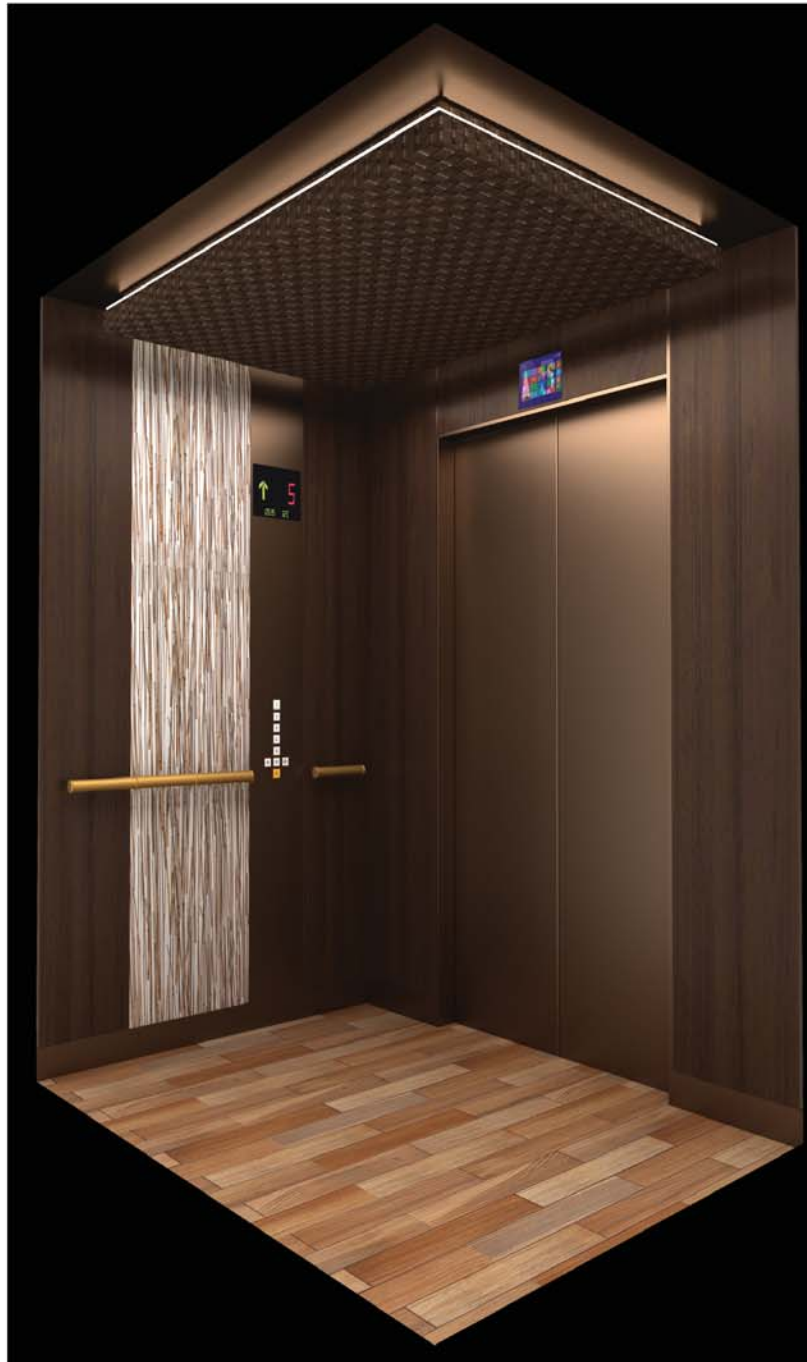

**Car Door:** Using SS Bronze bead blast finish.

### Handrails:

Bamboo type design SS bronze bead Finish On LH wall, RH wall & Rear wall.

### Ceiling:

Using SS bronze bead blast with LED Acrylic diffuser & fixing brackets.

# MEMC-19

THE MEMC - 19 is combination of Special architecture gage sheets & wire mesh panels.

## Highlights:

### LH wall & RH wall:

From bottom special wire mesh panels & above panel using Special architecture gage panels.

### Rear wall:

From bottom special wire mesh panels & Above panel using Special architecture gage panels.

Center panel using Clear cabin mirror

### FRP & Lintel:

Side post & Lintel:  
Using SS Champagne brush finish.

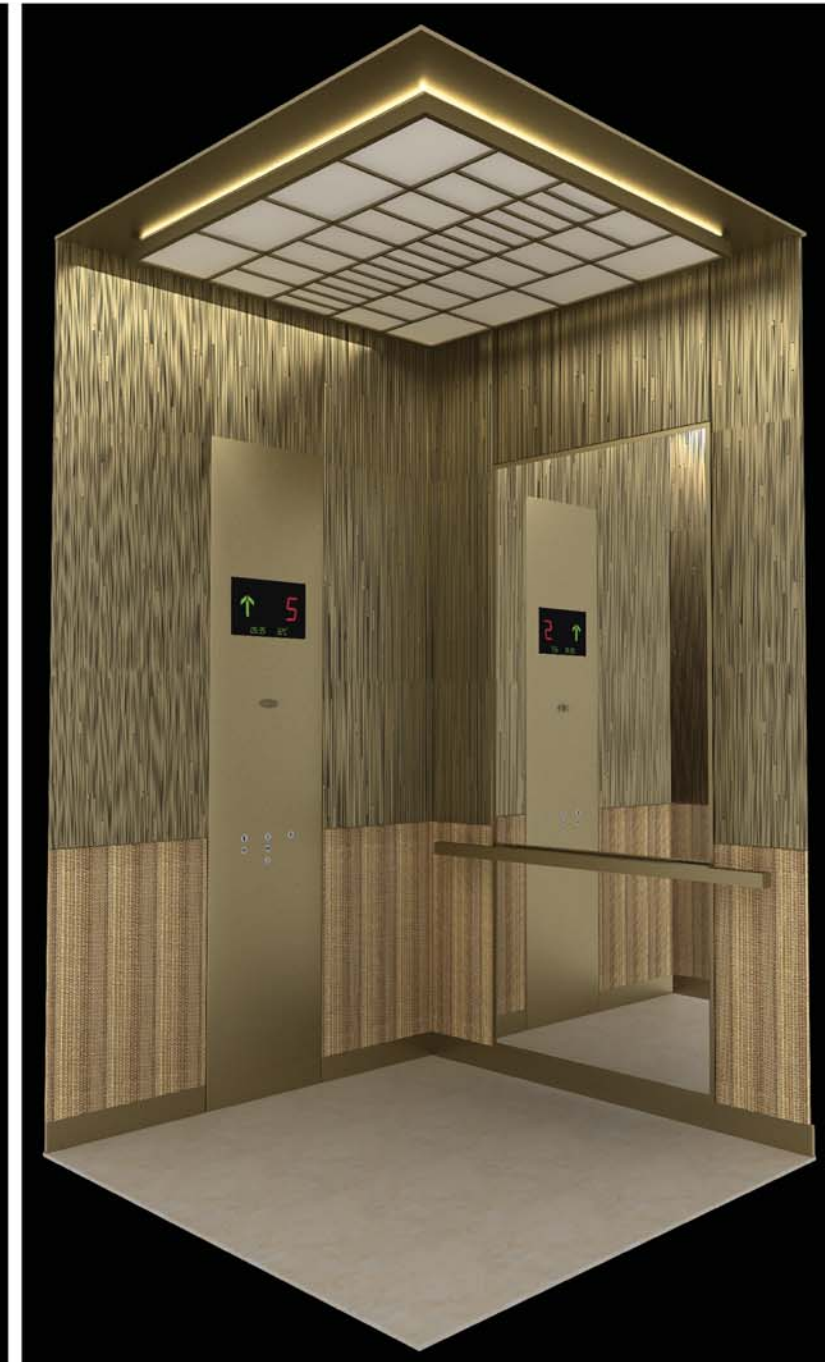

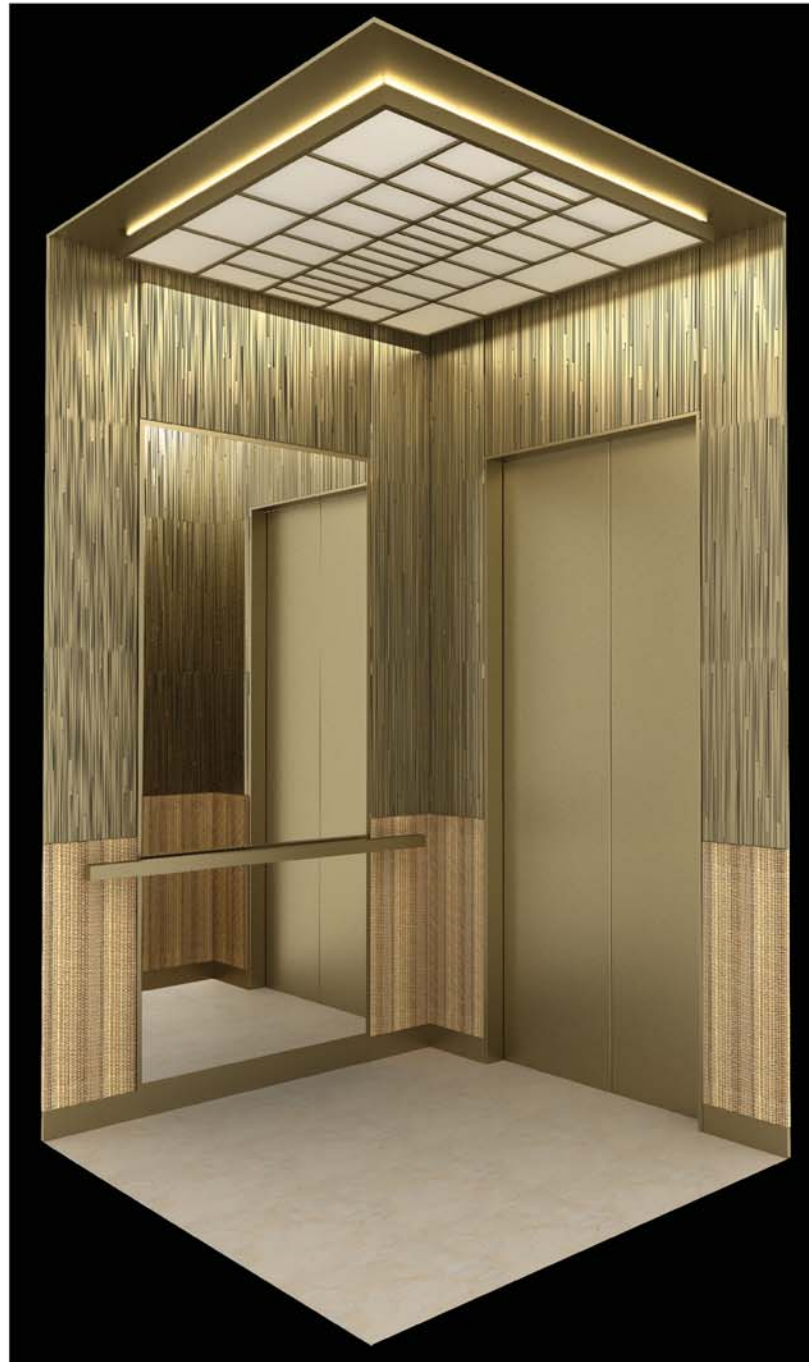

**Car Door:** Using SS Champagne brush finish.

### Handrails:

Flat type SS Champagne brush finish  
Handrail only on Rear wall.

### Ceiling:

Using SS champagne finish metal frames with LED acrylic diffuser & fixing brackets.

# MEMC-20

THE MEMC — 20 is combination of Wood veneer & stainless-steel finish.

## Highlights:

### LH wall & RH wall & Rear wall:

1 meter's height using stainless steel Black hairline finish 304 Grade.  
Above handrail using natural wood veneer with MDF backing

### FRP & Lintel:

Side post & Lintel:  
Using stainless steel black hairline finish 304 Grade.

### Car Door:

Using Black stainless steel hairline finish.

### Handrails:

Leather profile with LED light handrail on wall, RH wall & Rear wall.

### Ceiling:

Using white color metal ceiling with LED Acrylic diffuser panel in center with the Fixing brackets as per the requirements.

# MEMC-21

THE MEMC — 21 is combination of wood veneer, stainless-steel brass ribbed hairline finish.

## Highlights:

### LH wall & RH wall:

1st & 3rd panel using stainless steel Brass ribbed hairline finish 304 grade.  
2nd panel using natural wood veneer  
With the LED cove lighting arrangement On LH & RH side of wood veneer panels.

### Rear wall:

1st & 3rd panel using stainless steel Brass ribbed hairline finish 304 grade.  
2nd panel using natural clear polish edges Mirror with MDF backing.

### FRP & Lintel:

Side post & Lintel: Using stainless steel brass hairline finish 304 grade

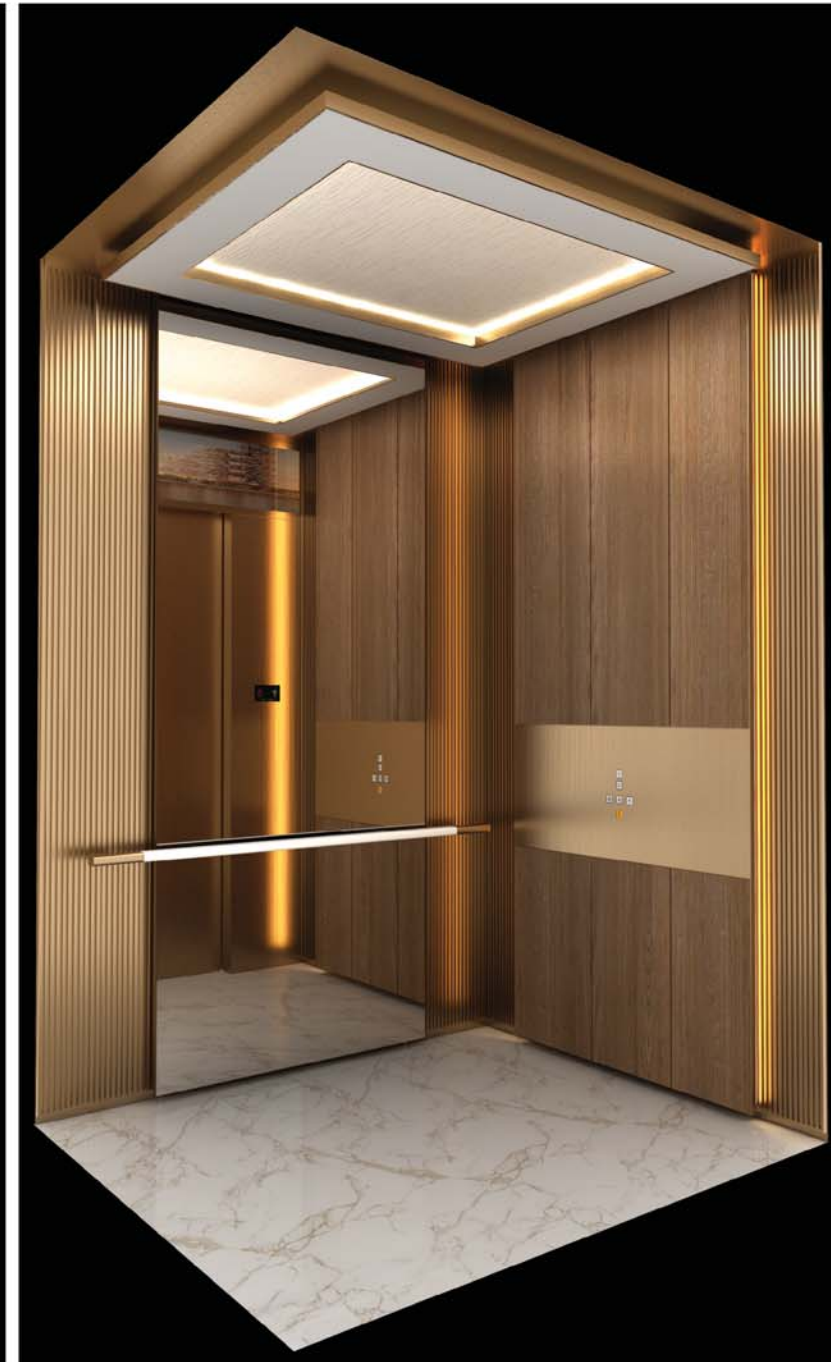

**Car Door:** Using brass hairline finish.

### Handrails:

Round leather handrail with SS brass end Caps.

### Ceiling:

Using white metal step type ceiling with SS brass borders.

# MEMC-22

THE MEMC-22 is combination of wood veneer, stainless-steel brass hairline finish.

## Highlights:

### LH wall & RH wall:

1 meter's height using stainless steel Brass hairline finish 304 grade. Above handrail using natural wood veneer With the MDF backing.

### Rear wall:

Special casted glass diffuser panel using Milky white tempered Laminated glass.

### FRP & Lintel:

1 meter height using stainless steel Brass hairline finish 304 grade. Above handrail using natural wood veneer With the MDF backing.

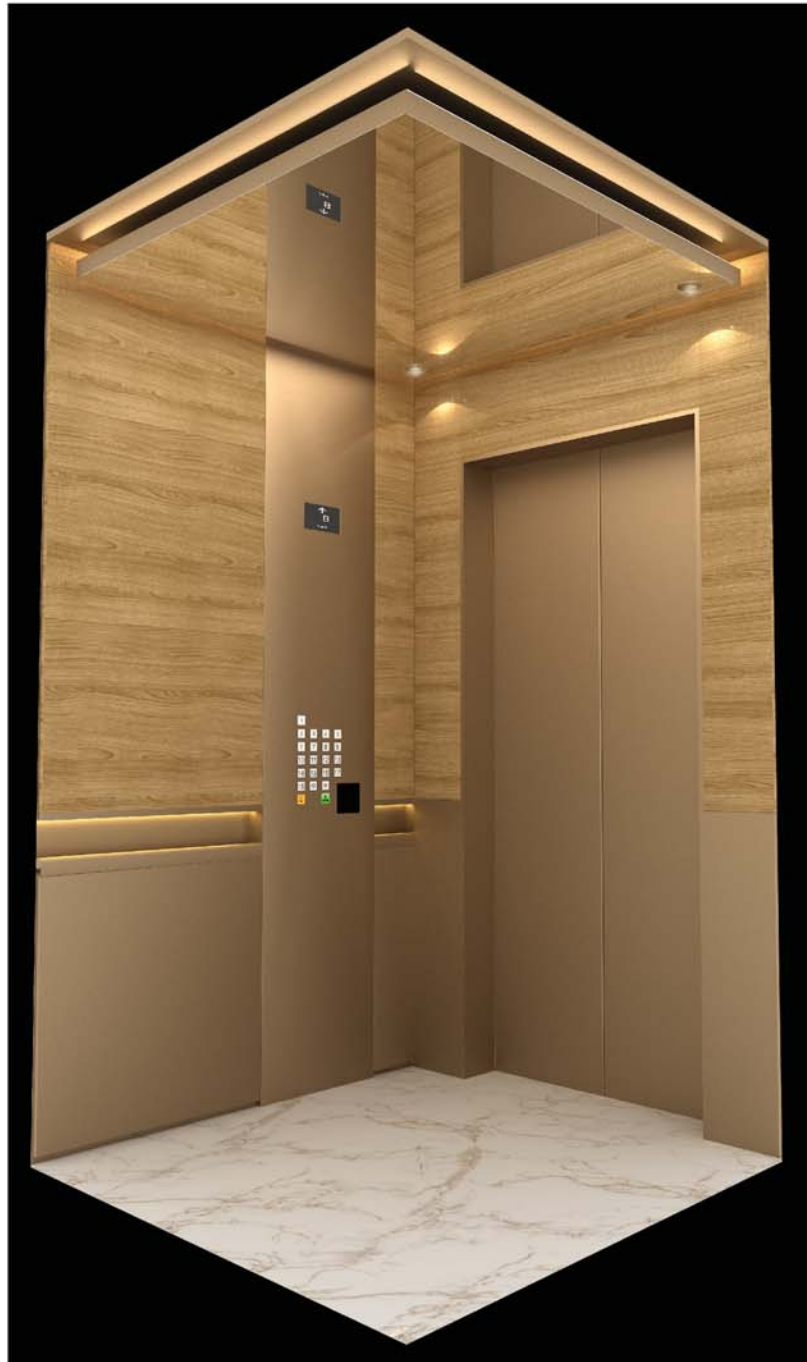

**Car Door:** Using brass hairline finish.

### Handrails:

Custom model Stainless steel brass Handrail with the LED lightings on LH wall, RH wall & Rear wall.

### Ceiling:

Using stainless steel mirror finish ceiling with fixing brackets.

# MEMC-23

THE MEMC — 23 is combination of special Custom Stainless steel brass mesh type finish.

**Highlights:**

**LH wall & RH wall:**

Using special custom Stainless-steel brass mesh type finish.

**Rear wall:**

1st & 3rd panel using special custom Stainless-steel brass mesh type finish.  
2nd panel using clear mirror with MDF backing

**FRP & Lintel:**

Using special custom Stainless-steel brass mesh type finish.

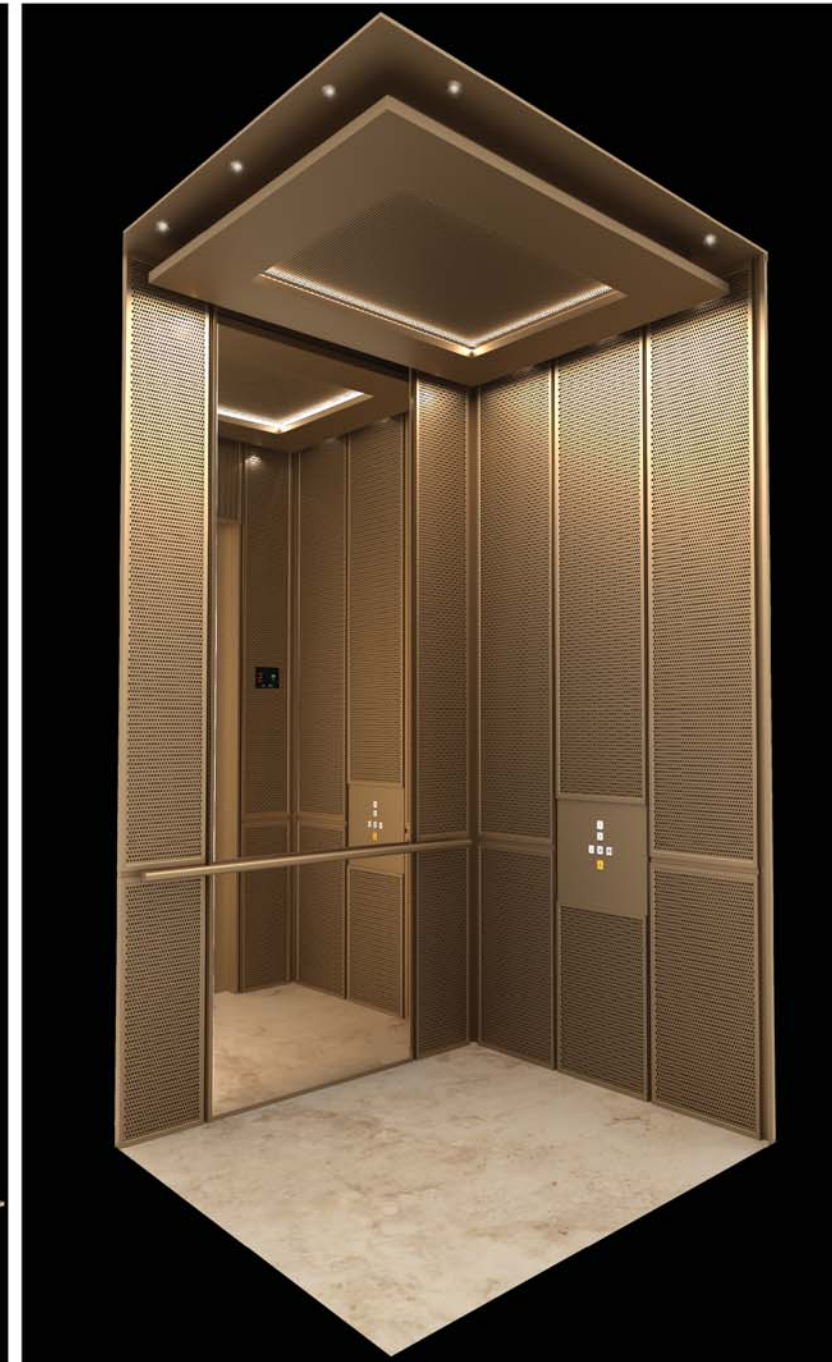

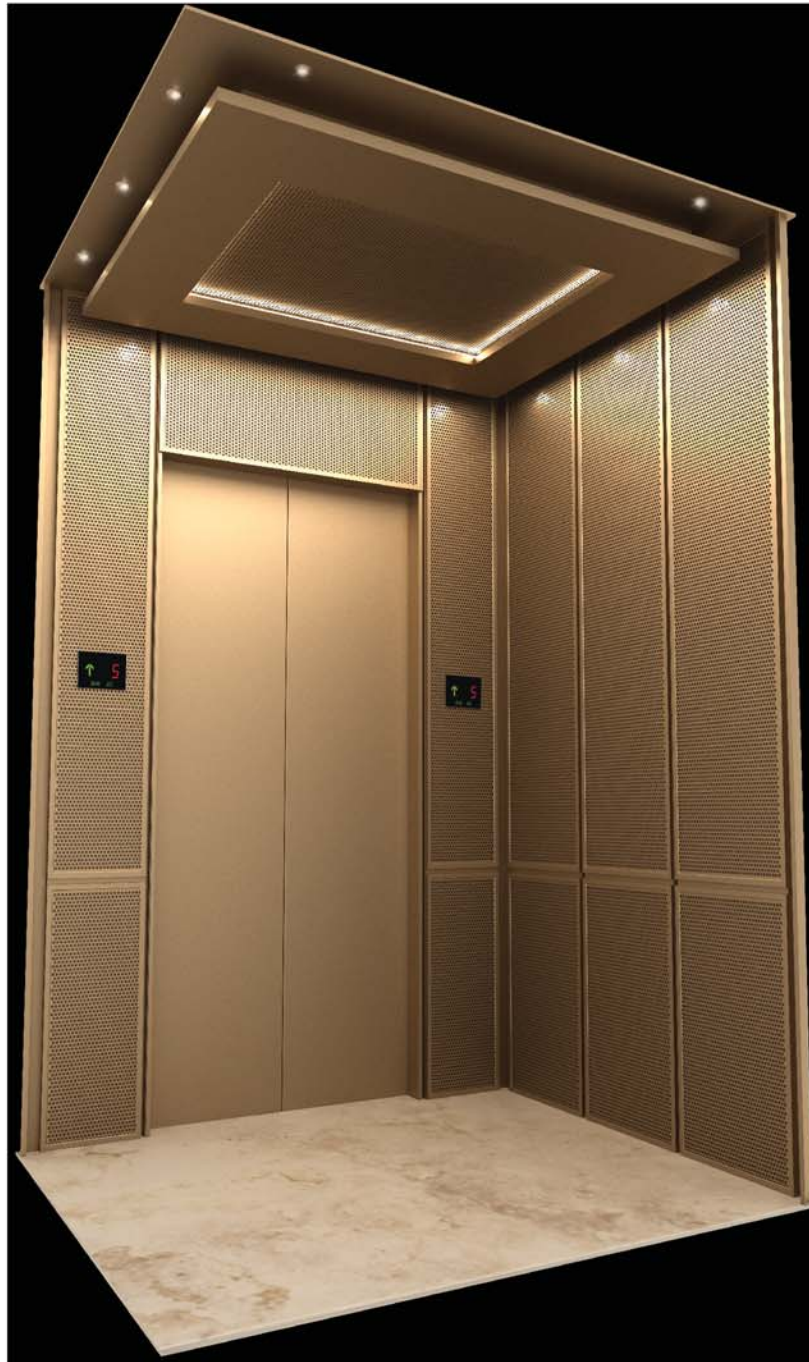

**Car Door:** Using Antique Brass Hairline finish.

**Handrails:**

Ø38mm Stainless steel brass brush finish handrail on rear wall only.

**Ceiling:**

Using stainless steel brass hairline finish with the LED spot lights & LED Cove lights with the fixing brackets as per the Requirements.

# MEMC-24

THE MEMC — 24 is combination of special V-match wood veneer & LED Lights

## Highlights:

LH wall & RH wall:

Using special V-match wood veneer with MDF backing.

## Rear wall:

Using white color wood laminate, white design wood and LED Lightings.

## FRP & Lintel:

Using bronze Hairline finish 304 Grade.

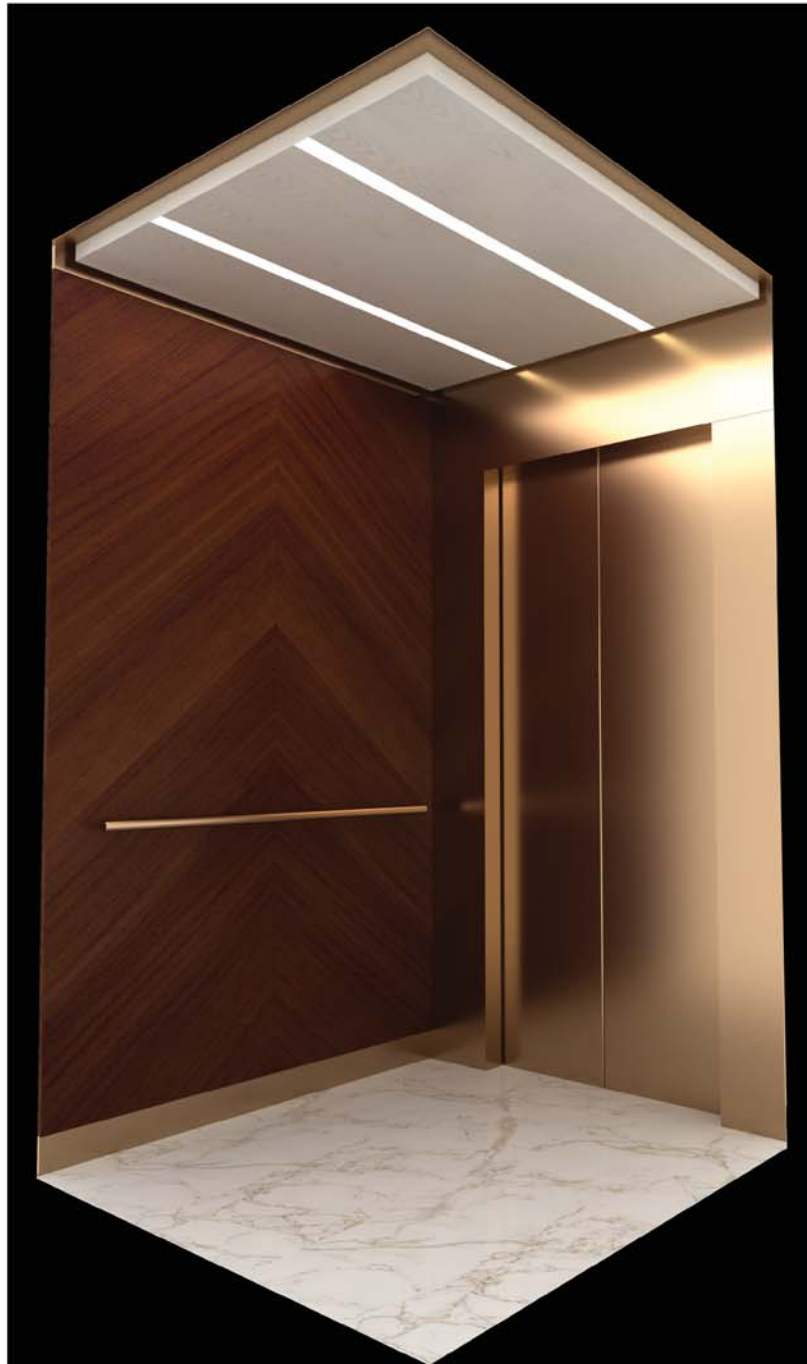

**Car Door:** Using bronze Hairline finish 304 Grade

## Handrails:

Ø38mm Stainless steel bronze brush finish handrail on side wall only.

## Ceiling:

Using white color wood laminate sheets with the LED Lightings assembly & The fixing brackets as per the requirements.

# MEMC-25

THE MEMC - 25 is combination of Bonded me Mirror, LED lights & Steel.

## Highlights:

### LH wall & RH wall:

Using Stainless steel titanium Bronze hairline finish & Fused bonded metal.

### Rear wall:

Using Clear Mirror, Stainless steel titanium bronze hairline finish & LED Lights.

### FRP & Lintel:

Side post: using Stainless steel titanium bronze hairline finish.

Lintel: using Stainless steel titanium Bronze hairline finish.

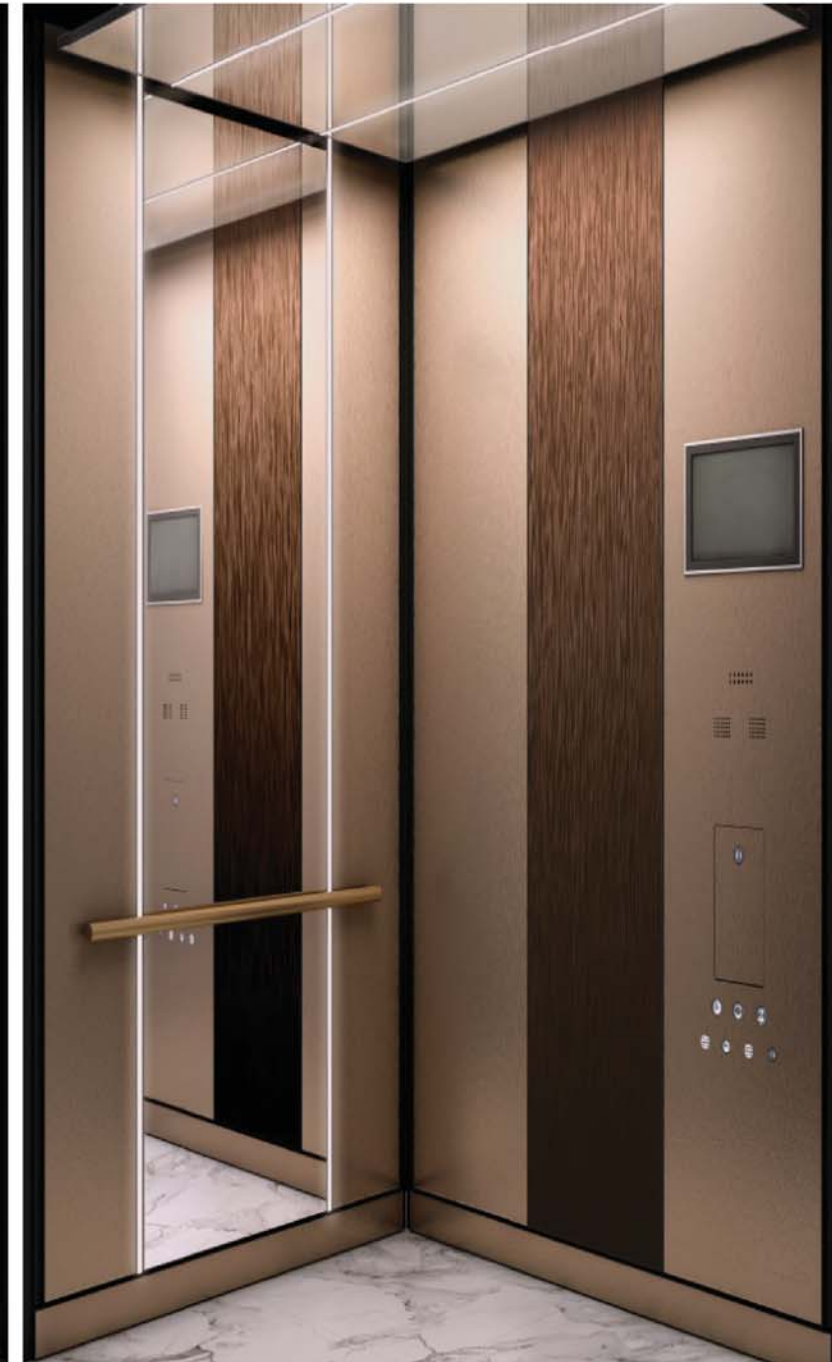

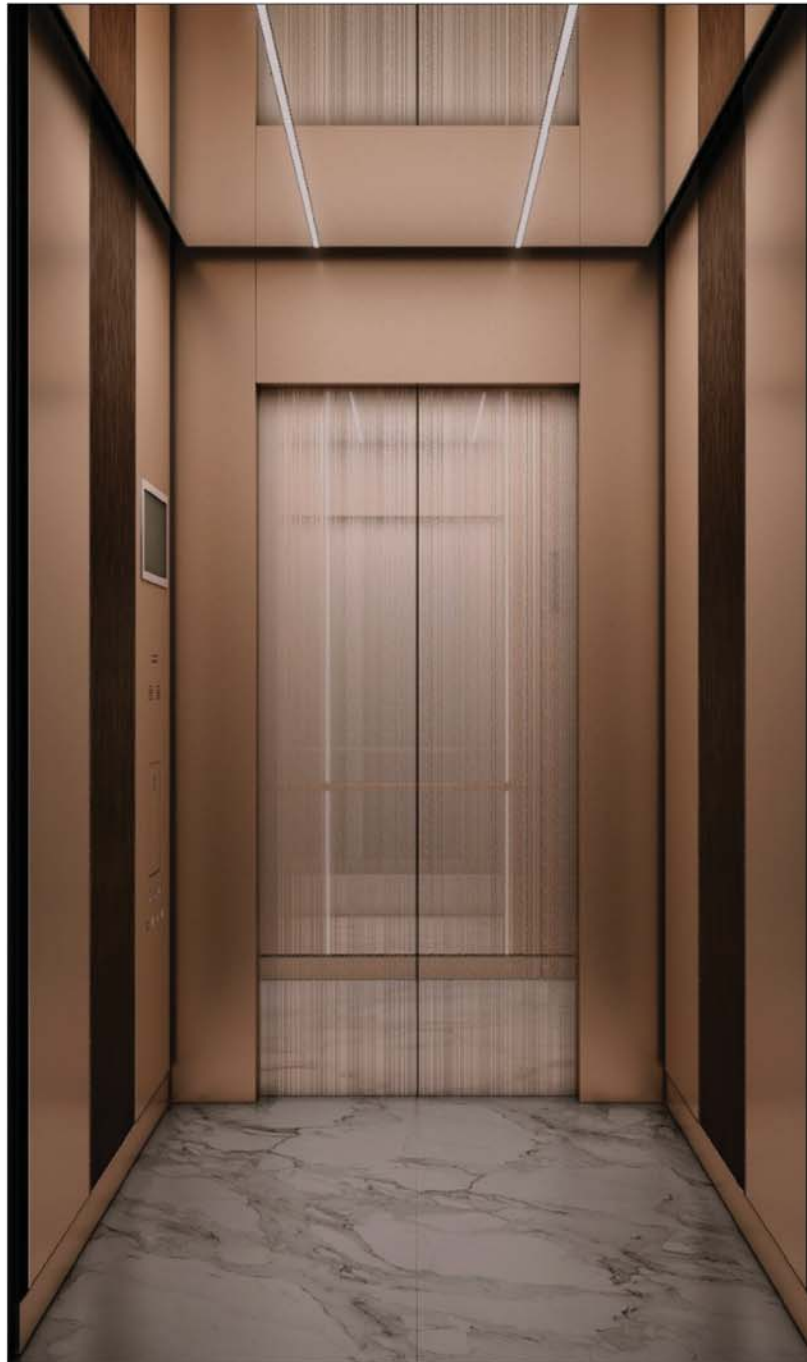

**Car Door:** Cladding using Stainless steel titanium Bronze hairline finish.

### Handrails:

Ø38mm Stainless steel bronze brush finish on Rear wall.

### Ceiling:

Using Stainless steel bronze hairline finish ceiling with LED acrylic diffuser lights & fixing brackets as per the requirement.

# MEMC-26

THE MEMC - 26 is combination of Marble tiles, Mirror & Steel.

## Highlights:

### LH wall & RH wall:

Using Marble tiles, Clear mirror & Stainless steel titanium black hairline finish.

### Rear wall:

Using Marble tiles, Clear Mirror and Stainless steel titanium black hairline finish.

### FRP & Lintel:

Side post: Using Marble tiles.

Lintel: Using Stainless steel titanium black hairline finish.

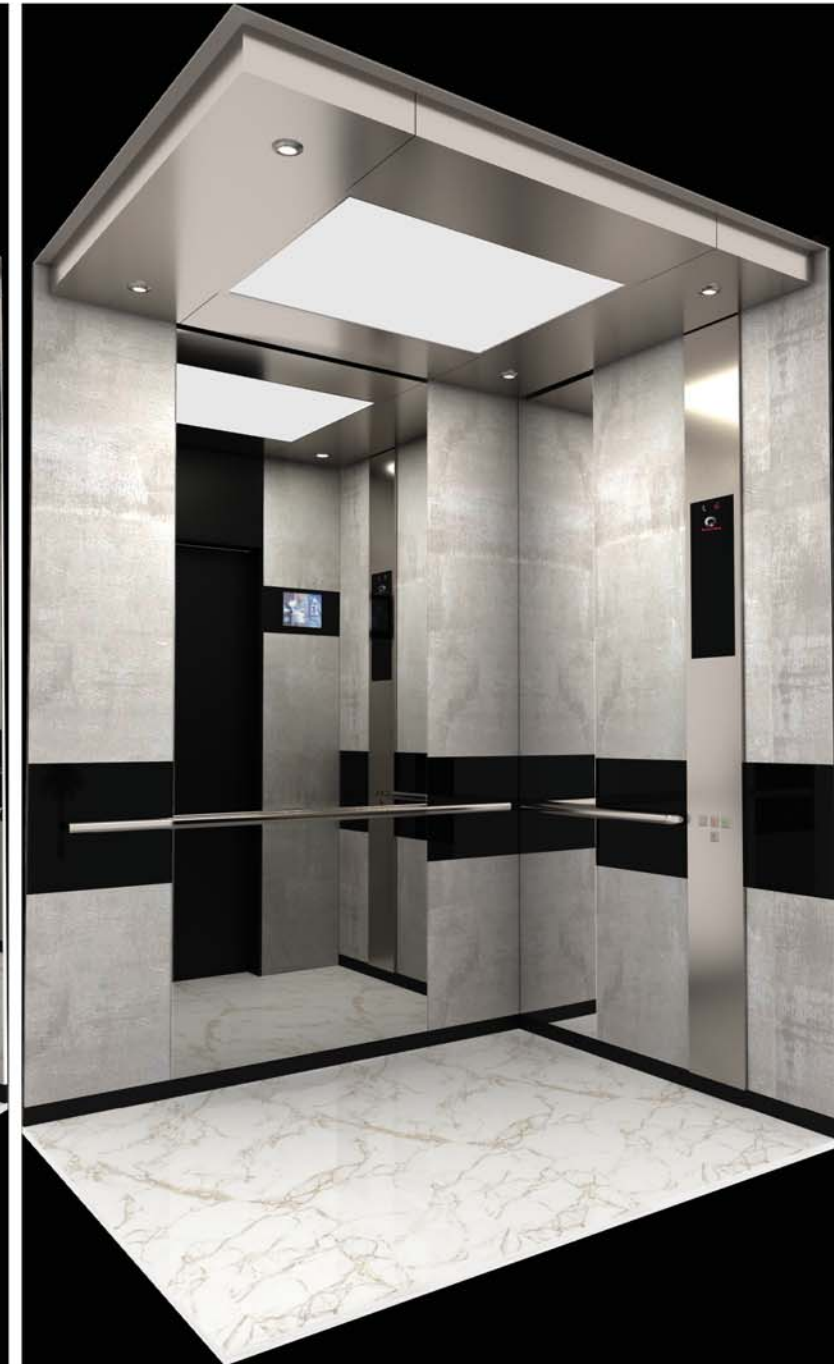

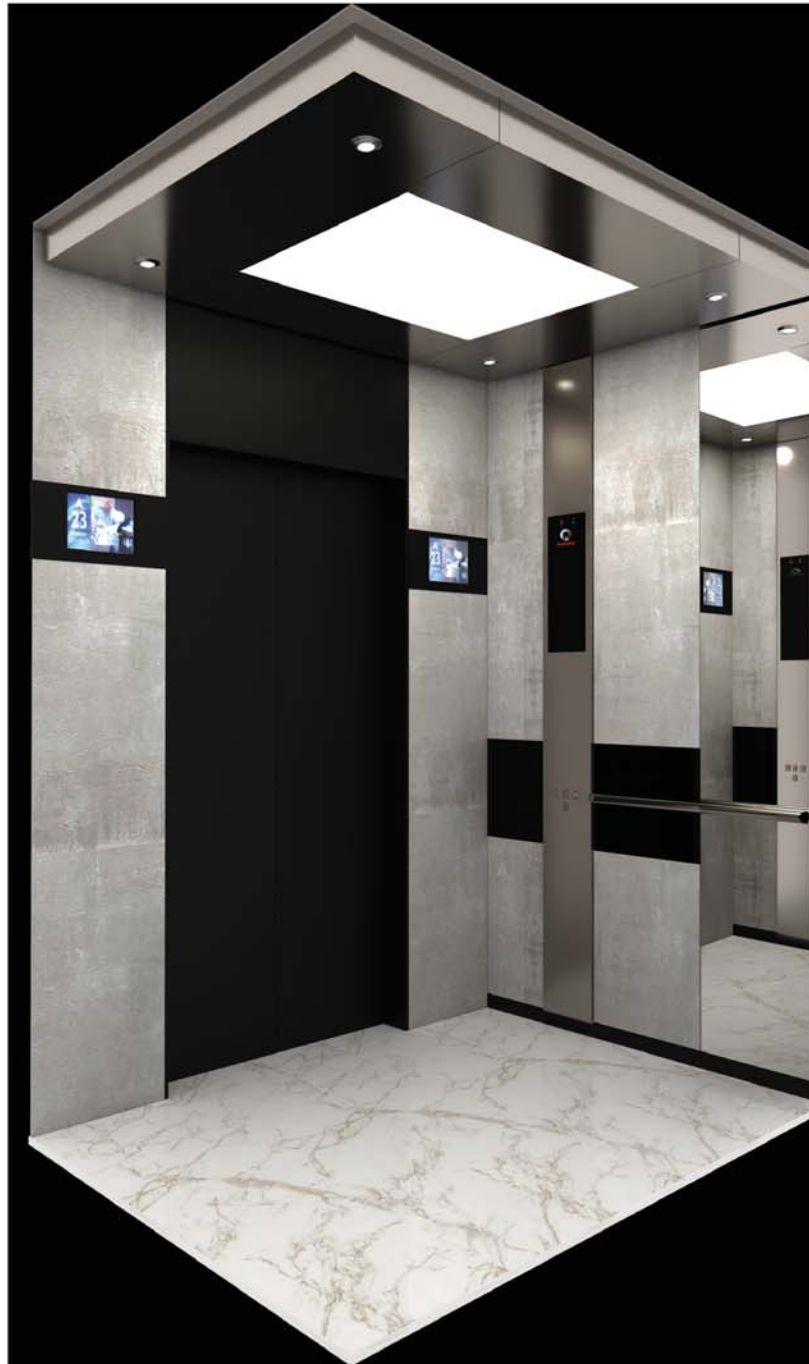

**Car Door:** Cladding using Stainless steel titanium black hairline finish.

### Handrails:

Ø38mm Stainless steel brush finish on LH wall, RH wall & Rear wall

### Ceiling:

Using Stainless steel hairline finish ceiling with acrylic diffuse with 04 no's LED Spot lights & fixing brackets as per the requirement.

# MEMC-27

THE MEMC-27 is combination of Marble Stone, Wallpaper & Mirror.

## Highlights:

### LH wall & RH wall:

1st & 3rd panel using Marble stone.  
2nd panel using Wallpaper.

### Rear Wall:

1st & 3rd panel using Marble stone.  
2nd panel using Clear mirror.

### FRP & Lintel:

Using Stainless steel champagne gold hairline finish.

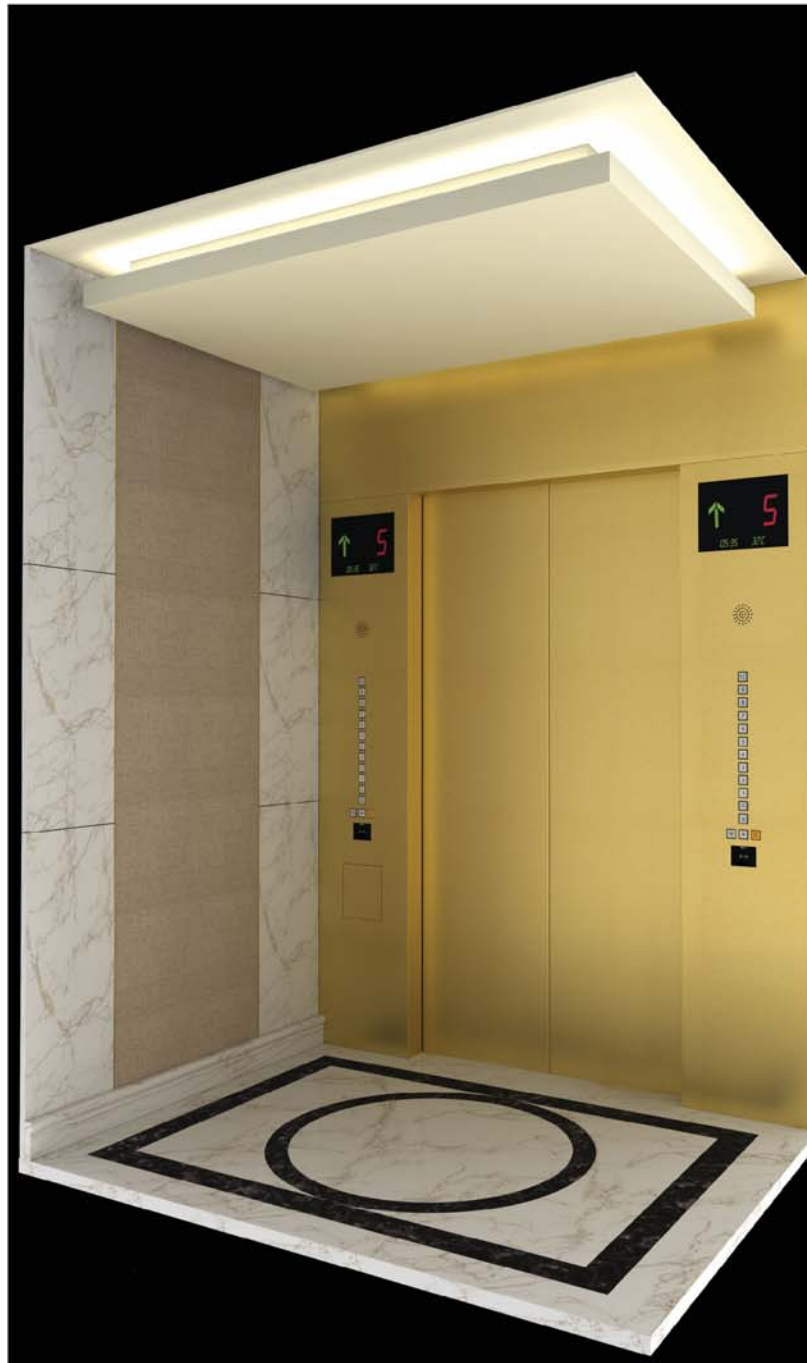

**Car Door:** Using stainless steel  
Champagne gold hairline finish.

### Handrails:

Round double rail model Stainless steel  
Champagne gold brush finish handrail  
on Rear wall only.

### Ceiling:

Using white color Gypsum Ceiling with  
the LED cove lighting & the fixing  
brackets as per the requirements.

# MEMC-28

THE MEMC - 28 is combination of wood veneer, Brass mashribya metal patterns, Mirror & LED Lights.

## Highlights:

### LH wall & RH wall:

1st, 2nd & 3rd panels using American walnut wood veneer with Brass mashribya patterns.

### Rear wall:

1st & 3rd panels using American walnut wood veneer with Brass mashribya patterns.  
2nd panel using Clear mirror with MDF.

### FRP & Lintel:

Using American walnut wood veneer with Brass mashribya patterns.

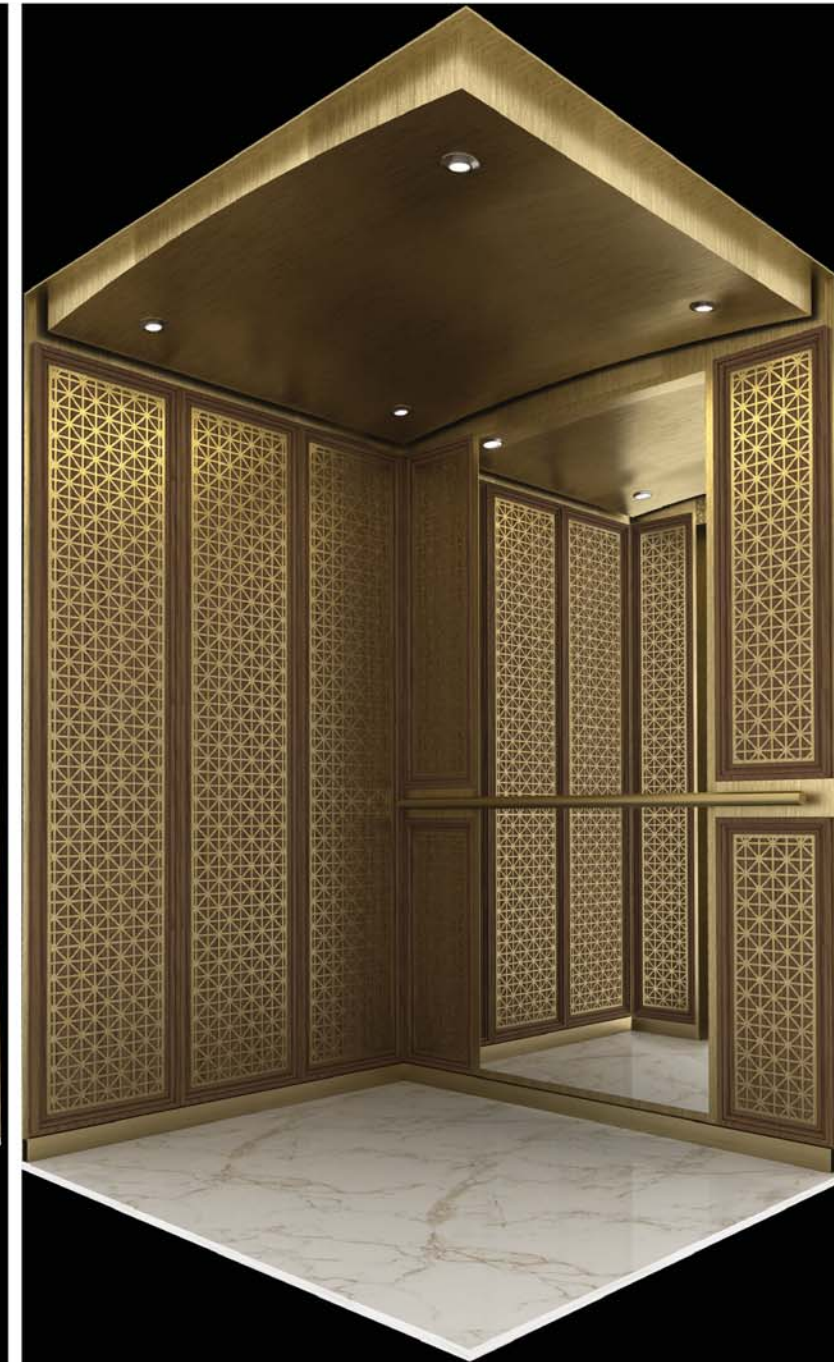

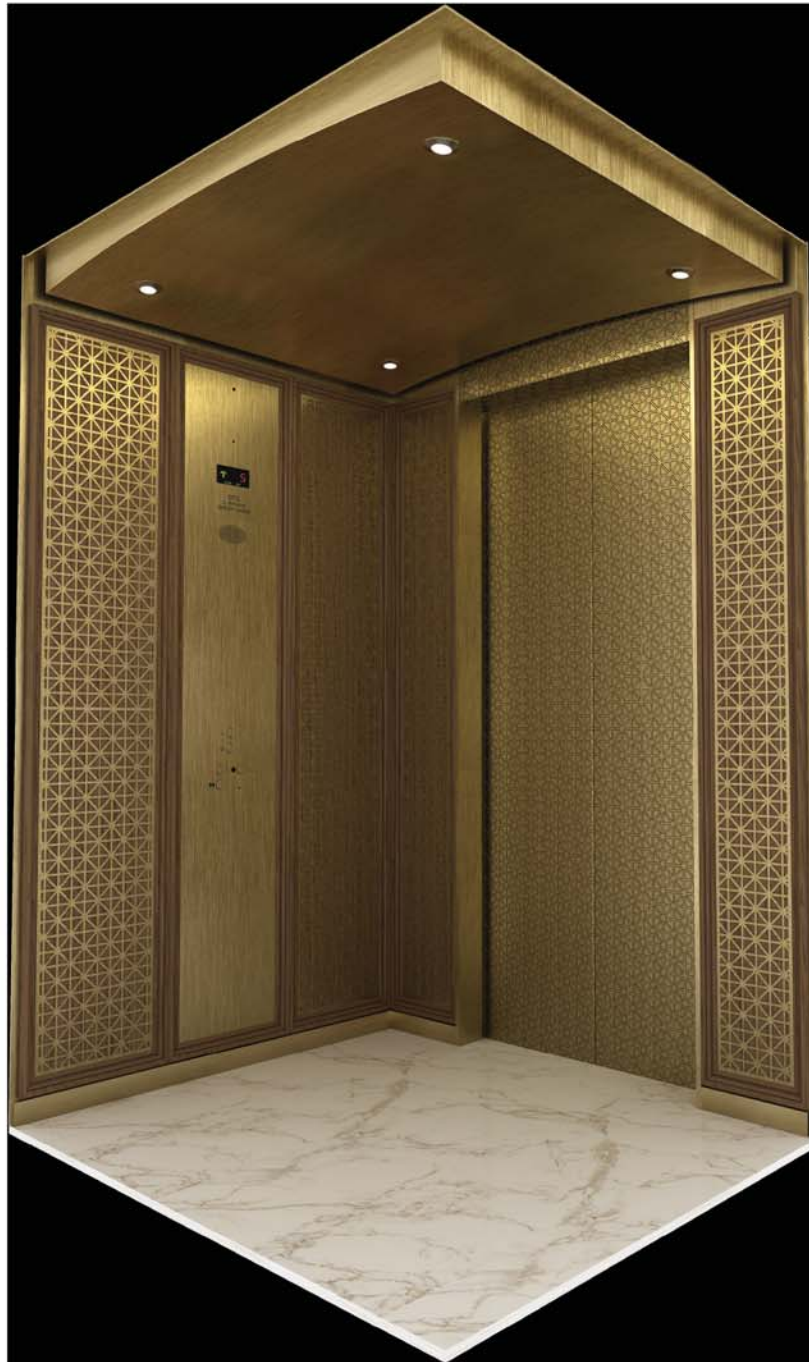

**Car Door:** Using Embossed Brass mashribya pattern hairline finish.

### Handrails:

Ø38mm Stainless steel brass brush finish handrail on Rear wall only.

### Ceiling:

Using stainless steel brass hairline finish with 04 no's LED Spot lights.

# MEMC-29

THE MEMC - 29 brass with is combination of Stainless steel embossed etching patten & walnut wooden frames

## Highlights:

### LH wall & RH wall:

Stainless steel brass with embossed etching patten & walnut wooden frames.

### Rear wall:

Using Clear Mirror with MDF Backing.

### FRP & Lintel:

Side post: using Stainless steel brass hairline finish.

Lintel: using Stainless steel Brass hairline finish.

**Car Door:** Cladding using Stainless steel brass hairline finish.

### Handrails:

Ø38mm Stainless steel brass brush finish on side wall.

### Ceiling:

Using White color stainless steel ceiling with LED cove lights & fixing brackets as per the requirement.

# MEMC-30

THE MEMC - 30 is combination of Bonded metal, glass Mirror, LED lights & Steel.

## **Highlights:**

### **LH wall & RH wall:**

Using Stainless steel titanium Bronze hairline finish & Fused bonded metal.

### **Rear wall:**

Using Clear Mirror, Stainless steel titanium bronze hairline finish & LED Lights.

### **FRP & Lintel:**

Side post: using Stainless steel titanium Bronze hairline finish.

Lintel: using Stainless steel titanium Bronze hairline finish.

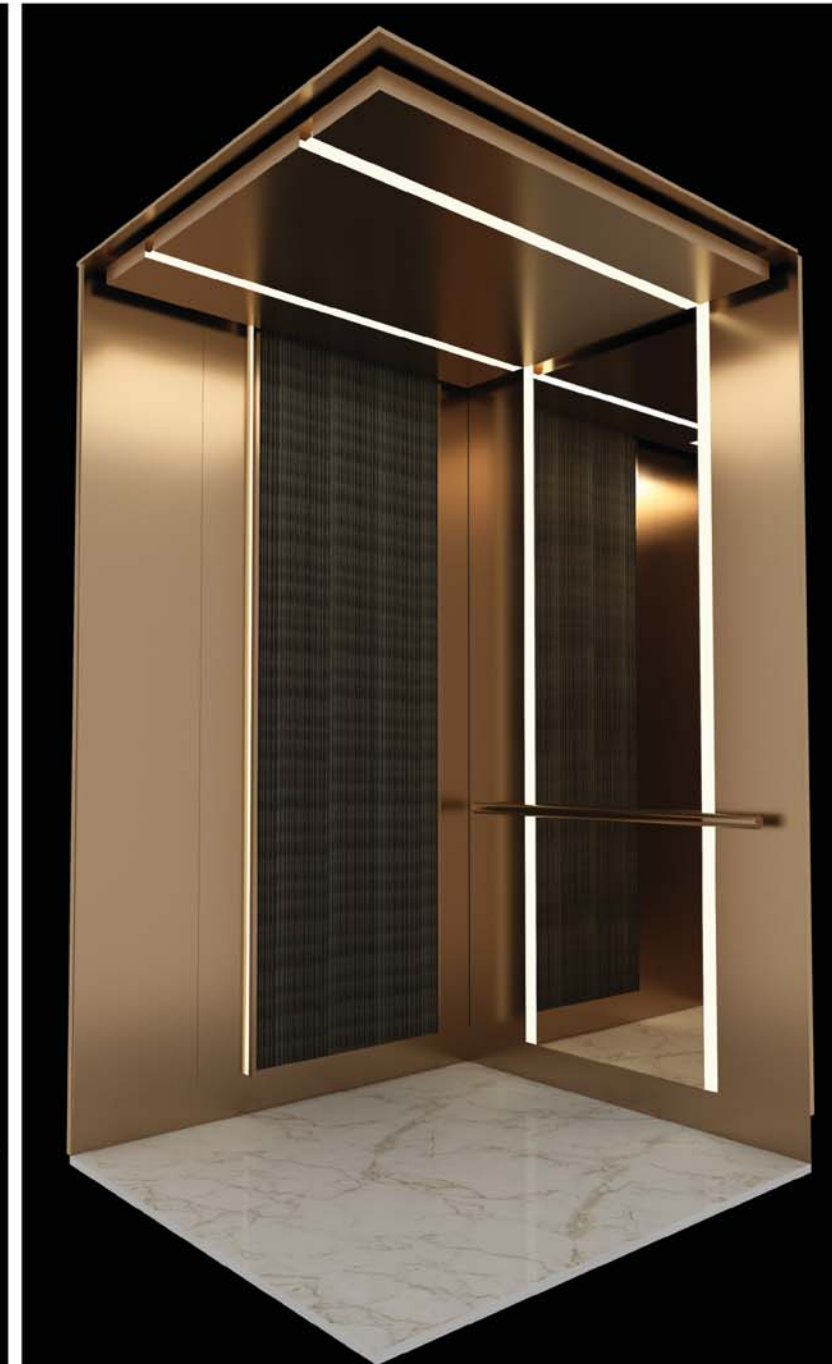

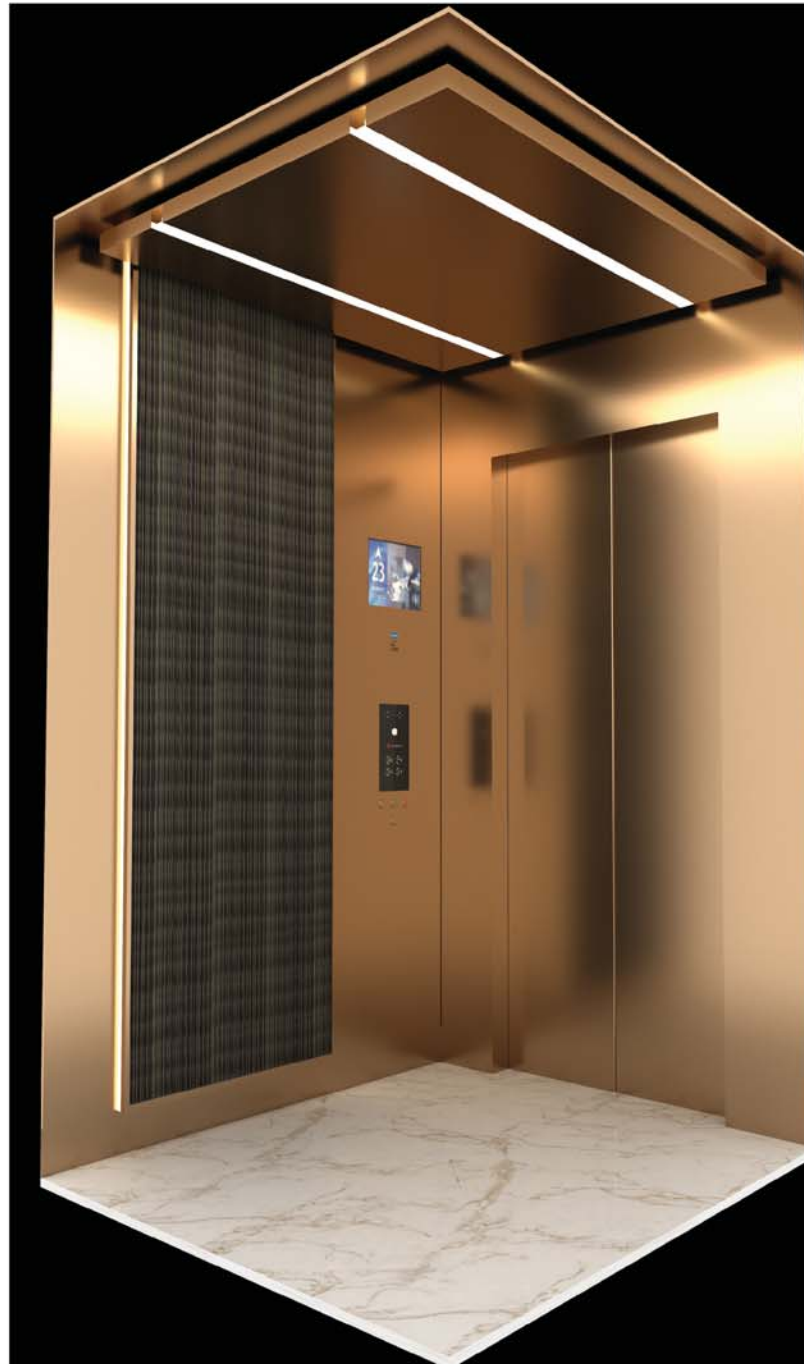

**Car Door:** Cladding using Stainless steel titanium Bronze hairline finish.

### **Handrails:**

Ø38mm Stainless steel bronze brush finish on Rear wall.

### **Ceiling:**

Using Stainless steel bronze hairline finish ceiling with LED acrylic diffuser lights & fixing brackets as per the requirement.
